NEBRASKA: Clear to partly cloudy Friday and Saturday. Cooler west portion Friday night. Highs Friday 70-80.

THE LINCOLN STAR

FIFTY-SIXTH YEAR No. 171 LINCOLN, NEB., FRIDAY MORNING, APRIL 18, 1958 SEVEN CENTS

Hearings Ordered On 2 Vetoes--

U.S. Aid For Jobless Given Demos' Okay

Pay Benefits Broadened

...Under Tentative Agreement

Washington (INS) — A key group of House Democrats worked out a compromise unemployment compensation bill Thursday which would extend jobless pay benefits 16 weeks and set up a new federal aid program for persons out of work.

The action by Democratic members of the House Ways and Means Committee came as Senate Democrats ordered hearings on President Eisenhower's vetoes of the Rivers and Harbors and farm price support freeze bills.

The Senate move, ordered by Democratic Lyndon Johnson, was an obvious attempt to drum up support for overriding one or both vetoes.

In the House, Ways and Means Chairman Mills (D-Ark) said the compromise on unemployment compensation will be taken up at a Friday committee meeting and he expects it to be approved.

House Action Next Week

House action is tentatively scheduled for next week.

The measure accepts the administration contention that the size of additional jobless pay benefits should be the same as under various state laws, but rejects the Eisenhower proposal that states should eventually repay the federal government. Instead, provides an outright federal grant.

In addition, the Democrats agreed to add an administration-opposed provision to add some 800,000 uninsured persons now out of work to eligibility for benefits.

The Senate Democratic move on the President's disapproval of the one billion, 600 million dollar water project measure and the one-year farm price support freeze came as Johnson told the Senate the vetoes were "based on misunderstanding." But, he said, the chief executive is entitled to his "day in court."

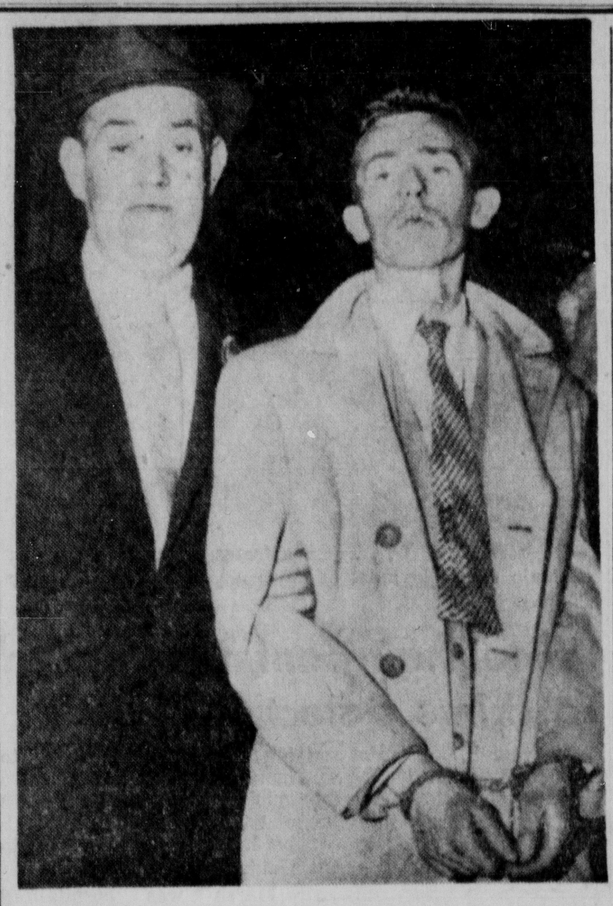

Calls For Witnesses

The Senate agreed to refer the veto messages to the Agriculture and Public Works Committees and Johnson urged that government and public witnesses be called to testify on them. Johnson's action touched off a sharp political debate in which GOP Leader Knowland of California warmly defended Mr. Eisenhower.

Two alternative moves were reported in the Senate. Sen. Purtell (R-Conn) introduced a bill to authorize Rivers and Harbors projects to which the President had no objection.

And Sen. Proxmire (D-Wis) announced he would attach the overall farm price freeze plan to a wool price support bill now pending.

The net effect of Johnson's move was to postpone any immediate Democratic effort to override either veto. But it will enable supporters of the two "anti-recession" measures to carry the issues to the country again in the hope of increasing their House and Senate votes. A two-thirds majority in both chambers is required to override.

HELD IN SUBWAY SHOOTING

William Combe, 23, is handcuffed as he arrives at a New York city police station from St. Claire's Hospital following the shooting of Dianne Mercandetti, 18, at a subway stairway on West 44th Street. Police said the girl identified Combe as her assailant before she died. With Combe is Detective Lester Stanton. **(Story on Page 2.) (AP Wirephoto)**

-Rates Cut-

Money Supply Eased

Reserve Board Acts Against Recession

Washington (AP) — The Federal Reserve Board, prompted partly by some shrinkage of the U.S. gold reserves, acted on a broad front Thursday to combat the recession by easing the nation's money supply.

For the first time in years, the board acted simultaneously to cut both discount rates and the amount of reserves which member banks must hold against demand deposits.

Neither action affected all banks but both covered a lot of territory.

Discount rates — the interest charged member banks who borrow from federal reserve banks — were cut at 5 of the 12 reserve banks. Effective Friday, the rate will drop from 2¼% to 1¾ at reserve banks in New York, Philadelphia, Chicago, St. Louis and Minneapolis.

Lowest Level

This is the lowest level since August 1955, and compares with a peak rate of 3½% early last fall. Discount rates have now been reduced 4 times in 5 months.

The rate remains at 2¼% at reserve banks in Boston, Cleveland, Richmond, Atlanta, Kansas City, Dallas and San Francisco. However, past cuts in discount rates by some of the banks have preceded similar action by the others.

The reduction in the amount of reserves which banks must maintain against demand deposits was linked to the reduction in gold reserves. A Federal Reserve spokesman said that about 600 million dollars in gold has been taken out of the country this year, almost all of it in the last 2 months. He said this has had the effect of tightening the money supply and that the board's action Thursday was designed as a counter measure.

A 2-step reduction in reserve requirements was ordered for Central Reserve city banks — those in New York and Chicago. Effective Thursday, the reserve requirement at these banks was lowered from 19% to 18½%. A week hence, on April 24, the requirement will drop another ½ of one percent to 18%.

-Summit-

Envoy Talks Open

U.S. Ambassador Meets Gromyko On Plans

Moscow (AP) — U.S. Ambassador Llewellyn Thompson opened discussions Thursday with Soviet Foreign Minister Andrei Gromyko on preparations for a summit conference.

Thompson was summoned to the Foreign Office and talked for 35 minutes with Gromyko. The U.S. envoy was smiling, but noncommittal when he departed.

The official Tass news agency confirmed that the meeting resulted from a note the Big 3 western powers sent the Soviet government Wednesday. The note offered to begin pre-summit talks at the diplomatic level Thursday.

"Gromyko invited L. E. Thompson, U.S. ambassador to the Soviet Union, to the Foreign Ministry and discussed with him questions connected with preparations for a summit conference."

No Statement

Thompson said he had received no written statement from Gromyko and declined further comment.

Reporters asked him whether things looked good.

Thompson again declined comment.

Later meetings were scheduled with Thompson by Sir Patrick Reilly, the British ambassador, and Maurice DeJean, the French ambassador.

It appeared that Thompson was to fill in his colleagues on the Gromyko meeting.

Accepted

The western allies have accepted the Soviet proposal made April 11 for a diplomatic level meeting, but only to explore major issues fully before they were sent up to higher levels.

The Soviet idea was that the diplomats should meet here to decide only the place and date of a summit meeting, thus committing the West to a top-level meeting before it could ascertain the possibility of any success.

Ike To Camp David

Washington (AP) — President and Mrs. Eisenhower plan to spend the weekend at their Catoctin mountain lodge, Camp David, near Thurmont, Md.

Vic. Adm. William V. Davies said this is a new unofficial world altitude record for conventonal aircraft. **(Story on Page 30.) (AP Wirephoto)**

$600 Million Aid To States Ready

...Provided In Highway Bill

Washington (AP)—The Commerce Department Thursday made available immediately to the states an extra 600 million dollars provided by the anti-recession highway law. President Eisenhower signed the measure only Wednesday, and with some reluctance.

Secretary of Commerce Weeks announced without comment that the additional funds had been apportioned among the states and territories by the Bureau of Public Roads.

The new outlays are in addition to $2,875,000,000 previously apportioned for the federal bookkeeping year that begins July 1.

Most of the new money—400 million dollars—is for use on the 730,000 miles of primary, secondary and urban roads which are maintained through joint use of federal and state funds.

The remaining 200 million dollars is for the planned 41,000 mile network of interstate superhighways.

Eisenhower said he signed the bill with "serious misgivings," but the Roads Bureau promptly pledged it would do all it could to make the accelerated highway program a success.

Disturbed

The President was disturbed because of 2 departures from past practice in administering the 400 million dollar speedup of primary, secondary and urban road programs.

Instead of 50-50 matching of federal and state funds, the new law parcels out the extra money on the basis of 2 federal dollars for each state dollar. Also it authorizes the federal government to advance to the states two thirds of the amount they must put up for these roads.

The advances are to be repaid by deductions from state apportionments in future years. In an effort to spur immediate road-building, the law requires that the primary-secondary-urban road money be used for projects which must be under contract by next Dec. 1 and scheduled for completion by Dec. 1, 1959.

Under the interstate program, the federal government pays 90% of the cost and the states the remainder.

$9.4 Million In Aid For Nebraska

Washington (AP) — Nebraska will get a total of $9,487,393 in federal funds under the $600,000,000 bill for new federal aid highway projects.

The Nebraska figures as given by Secretary of Commerce Weeks were $3,532,569 for primary roads, $2,506,214 for feeder roads, $589,934 for urban roads, $2,858,676 for the interstate highway.

Property Tax Filings Due On Monday

The deadline for returning personal property tax schedules will be Apr. 21 since the regular deadline of Apr. 20 falls on a Sunday, according to Co. Assessor Arthur Davis.

The schedules must be in the Davis office by Monday night or the taxpayer will be subject to a 50% penalty on the assessed value of his personal property, Davis said.

If no schedule is filed, he said, his office will determine the amount of value of a person's property and add the 50% penalty. Assessment appeals must be made in writing to the County Board, which will sit as the Board of Equalization beginning May 19.

Appeals from a Board decision may be made to the Lancaster District Court.

Pueblo Mom Kills Her 2 Children, Self

Pueblo, Colo (INS) — A 25-year-old Pueblo mother shot and killed her 2 young children Thursday then turned the .22 caliber rifle on herself.

Pueblo police identified the woman as Rosemary Chappell and her 2 children as 4-year-old David and one-year-old Deborah.

Police Capt. Harold Sell said the woman called up the State Patrol and said she just shot her 2 children. Police said she apparently killed herself shortly after she phoned.

Sell said the woman's husband is State Patrolman David Chappell.

City Street Program Fund Is At Bottom Of Barrel—Need $80,000

By Virgil Falloon

Lincoln's proposed 1958 street program has scraped the bottom of the barrel—in fact, some $80,000 must be found if work on K and L as a one-way pair is to start this summer.

The federal-aid project, estimated to cost the city $251,000 for widening and resurfacing K and L between 21st and 16th, is on the drawing boards and aimed at a June letting.

However, Public Works Director Dave Erickson said the project would not start until the city has the money.

$581,692 in Projects

Including the K-L pair, the 1958 commitments total $581,692. Other major items are the Southeast Diagonal, $276,792, and No. 48th resurfacing, $26,700.

This is $78,801 more than the 1958 estimated revenue of $502,891 from gas tax and auto registration funds and other reimbursements. In addition, gas tax funds are running $45,000 below the estimate.

This means that the street program must have an additional $80,000 or more on hand before the K and L project can start.

Vehicle Tax May Help

City officials are counting on May and June collections from the city's new vehicle tax to bring in the needed money. The tax, effective May 1, *is anticipated to produce* $250,000 a year.

The latest revenue hope for the city is a possible $111,000 from the urban allocations under the $6.6 million allocated to Nebraska under the federal aid "bonus" measure signed Wednesday by President Eisenhower.

State Engineer L. N. Ress said the bonus aid is being allocated on the basis of $3.5 million for primary roads, $2.5 million for secondary roads, and $600,000 for urban streets.

$111,000 for Lincoln?

Based on past percentages, Erickson estimates that Lincoln could be allocated $111,000. Matched on a 2-to-1 basis with $55,500 of city money, the bonus could mean $166,500 worth of street work for the city.

This favorable-matching money could be used on such federal-aid projects as K and L, the Northeast radial, O street, and 9th and 10th.

However, Erickson noted that under the 1958 act, the bonus money can be distributed in any manner the state wishes and that the state engineer commented the state "was beginning to run low on federal aid primary funds."

"We hope the city is allocated a portion of the bonus money," Erickson said.

Mrs. Brown To Return Soon From Visit In South

'Left To See Mother And Family'; Says Threats Not Main Reason

Lincoln Star Special

Alexandria, La.—Mrs. Sherman Brown told The Star by telephone Thursday that she did not leave Lincoln last month because of either fear due to threats from white people in Havelock or because of domestic difficulties.

"My complete reason for leaving was to visit my mother and family" she said.

Asked if she planned to return to Lincoln, where her home at 4210 No. 60th was gutted last weekend by a set fire, Mrs. Brown said, "I definitely plan to come back." She said she could not definitely say when, however, but indicated she would not return this weekend as earlier indicated.

Questioned on the threats and abuse from neighbors in the previously "all white" neighborhood, Mrs. Brown said although she did not leave because of them, she "did give them a second thought."

'No Domestic Troubles'

"We have had no domestic troubles—none at all," she said. Lie detector tests which Brown underwent this week indicated "domestic difficulties" and a "common law marriage," Lincoln Police Chief Joe Carroll reported Wednesday.

Mrs. Brown said that she preferred not to comment on the fire.

"I'd like to come back and live here (in Lincoln)," she said. "It's the very first time I've been away from my husband for a length of time."

KFAB Asks FM License

Omaha (AP) — The KFAB Broadcasting Co. of Omaha reported Thursday it has asked the Federal Communications Commission for authority to operate an FM station in Omaha.

KFAB now operates an AM station.

There are presently no FM stations in Omaha.

General Manager Lyle Bremser said the addition of FM would make possible stereophonic broadcasting in which AM and FM transmitters are combined in a dual operation.

Said Bremser: "Omaha is one of the very major markets in the nation today unable to enjoy this static-free high fidelity.

"In recent years tremendous strides have been made in the electronics industry toward the perfection of sound reproduction. This, coupled with the growing interest in high fidelity and the decline of rock and roll type broadcasting, makes KFAB FM a timely and valuable addition to Omaha radio."

Friday Forecast: 'Warm Again'

More of the same was forecast for Friday, following 80-degree weather in parts of Nebraska Thursday.

The Weather Bureau predicted considerable warming over the west portion of the state and slightly cooler temperatures Friday night over western Nebraska.

Highs Friday are expected to range from 70-80, with skies clear to partly cloudy Friday and Saturday.

Thursday's temperatures in the state were topped by Omaha's 84 and Lincoln's 82. Low reading was 39 at Chadron.

Fire Report Says Petroleum Used

Fire Inspector Roscoe Benton reported Thursday that the state fire marshal's office had checked the charred linoleum and mattress specimens from the Sherman Brown home and that the state report confirmed his belief that the blaze was set using some sort of petroleum oil—probably kerosene or fuel oil.

Benton and Police Det. Harry Davis continued to interview Havelock residents to try to turn up some lead on the arsonist but no new developments were reported. Two persons are scheduled for lie detector tests later this week as part of the investigation but police say they are not necessarily considered suspects.

WESLEYAN INAUGURAL IS TODAY

Following is the schedule of major events today in the inaugural of Dr. Vance D. Rogers as president of Wesleyan University:

President Rogers will be feted at a 10 a.m. convocation in C. C. White auditorium where Dr. William Edel, President of Dickinson College, Carlisle, Pa., will speak.

Dr. Harvard H. Hull, Wesleyan alumnus and well known nuclear physicist, will address an inaugural luncheon gathering at noon at First Methodist Church.

The public inaugural proper is scheduled for 2:30 p.m. in Ira J. Taylor Physical Education Bldg., preceded by a colorful academic processional scheduled to move through the campus beginning at 2:15 p.m.

Bids Opened On $1 Million Sewer Bonds

Sixteen bids for the purchase of $1 million worth of city storm sewer bonds were opened Thursday.

City Clerk Theo Berg said the low bidder, with an interest rate of 2.48039%, was a syndicate consisting of Northern Trust Co., Chicago, Wachob-Bender Co., Omaha, and the National Bank of Commerce, Lincoln.

Berg said acceptance of this bid would be recommended to the Council at its regular meeting Monday.

The bids received ranged upwards to 2.70656% and were described as "very competitive." The low bid means net interest charges of $283.780 on the $1 million issue.

Berg said he was "very well pleased" with the bidding and that the bond bids under a 2.5% interest rate "speak well for Lincoln's excellent credit rating."

The bonds are the last of a 3.5 million storm sewer issue authorized in June, 1954. Previously issued were $1.2 million at 1.64926% in 1954 and $1.3 million at 2.49299 in 1956.

The remaining $1 million in sanitary sewerage revenue bonds will possibly be issued next year, city officials said.

Pentagon Gag Policy Is Charged

ORDERS CREDITED TO IKE

Washington (AP) — Rep. Moss (D-Calif) said Thursday President Eisenhower has issued orders for tighter control over Defense Department information.

Under the new instructions, Moss declared, the "abuse of the security system would become worse." He said the orders were issued in the last few days as a curb on inter-service rivalries.

Moss addressed the opening session of the annual meeting of the American Society of Newspaper Editors (ASNE), which also heard a defense by Eisenhower of the President's Defense Department reorganization plan.

"Undisputed Censor"

Moss, who is chairman of the House government information subcommittee, told the 400 editors that Asst. Secretary of Defense Murray Snyder apparently had been "set up as the undisputed censor of what the public shall know about the vast military establishment," under Eisenhower's recent instructions.

'(Security has been perverted as a tool of censorship. Controversy has been smothered and shortcomings hidden in the name of national security," Moss said.

('The nation no longer can afford the withholding and manipulation of information merely to suit 'policies,' " he said.

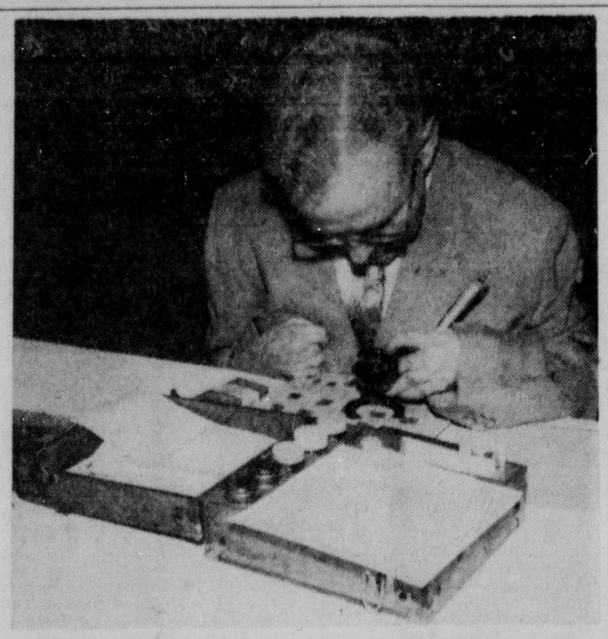

Moss is sponsor of an anti-secrecy bill approved unanimously by the House Wednesday. The House action was described in another speech before the editors as a "first dent in the wall of secrecy that has grown up in the government since World War II."

Applied By Brucker

The description was applied by Herbert Brucker, editor of the Hartford (Conn.) Courant and chairman of the ASNE Committee on Freedom of Information.

Harold Cross, New York lawyer who is retiring as freedom of information counsel to ASNE, told the editors that their legislative "target for tomorrow" must be the secrecy provisions in the administrative procedures law governing the federal regulatory agencies.

This law permits such agencies to withhold information if they deem it "in the public interest" to do so and to keep secret "any matters relating solely to the internal management of an agency."

FRED MARSH . . . demonstrates fingerprint work as example of employment of physically handicapped. (Star Photo.)

Wheelchair Confinement Led To Crime Detection Career

Fred Marsh, fingerprint and handwriting identification expert for the State Safety Patrol, is a key man in crime detection for Nebraska.

He showed off his fascinating occupation Thursday to hundreds of interested Lincolnites who visited his booth at the "Employ the Physically Handicapped" exhibit in Gold & Co. auditorium.

Marsh was hospitalized when he was 5 in Lincoln's State Orthopedic Hospital, where he remained for 19 years. Confined to a wheelchair, Marsh faced the fact that his "first love"—law—was beyond his capacities, and turned to criminal investigation as a second choice.

He served his apprenticeship under the former Crime Bureau Chief Leonard J. Clark, and then took over the job of classifying and spotting fingerprints, and checking writing, both handwriting and typewriting, for verification.

Despite the approximately 500,000 fingerprints on file in the Safety Patrol's bureau of criminal investigation, Marsh's 17 years of experience enables him to efficiently match or check latent prints with those in his voluminous file.

Another facet of his job brings Marsh into court frequently to testify as an expert in identifying signatures as real or forged.

Marsh, despite his disability and a full-time job, also manages to find time for extension courses in a variety of subjects from art to accounting.

He, his wife, and his daughter, Cheryl, live at 2659 So. 11.

ICBM Road Contract Bids Announced

Cheyenne, Wyo. (INS) — A Sioux Falls, S. D., contractor underbid 14 Colorado and Wyoming firms Thursday on the first construction contract at the Atlas intercontinental missile launching site near Cheyenne.

The apparent low bid of $185,417 for construction of an access road was submitted by the J. H. Beckman Construction Company. The bid was slightly more than half the amount of the government cost estimate of $361,556.

The second lowest offer was entered by the Knisley-Moore Company, of Douglas, Wyo.

Bids opened Thursday at Cheyenne will be referred to the Army Corps of Engineers at Omaha for review. The contract probably wili be awarded next Monday.

The five-mile access road to the first of four missile launching areas at Francis E. Warren Air Force Base is seheduled to be completed within 120 days after the award of the contract.

Individual Preparedness For Disasters Emphasized

Since disasters are unpredictable and a part of life, it is imperative to plan for them well in advance, Dr. Harold C. Lueth of Evanston, Ill., chairman of the American Medical Association's Committee on Civil Defense, said here Thursday evening.

The former dean of the University of Nebraska College of Medicine spoke on "Disaster—Can You Cope with It?" at the final session of the tenth annual College Health Day held Thursday at the University.

Dr. Lueth earlier delivered a similar address on medical aspects of civil defense before the Lancaster County Medical Society.

Dr. Lueth emphasized the need for individual preparedness in the event of disaster.

Everyone Needed

"Every individual has a job in the event of disaster," he emphasized. One of these jobs is administering proper first aid.

The initial treatment of the patient, he explained, has a great bearing on the ultimate outcome.

"A number of years ago," he continued, "the orthopedic surgeon realized that additional injury, shock, and even displacement of the long bones, followed the well intentioned but untrained persons who attempted to move patients to the physician for care." They, therefore, began a campaign of "splint them where they lie," Dr. Lueth said.

In addition to an individual's responsibility to be prepared to give first aid, Dr. Lueth said, he should also take part in community planning for possible disasters.

Plans should be broad and flexible, he pointed out, in order to cover a wide variety of circumstances such as tornadoes, fires, floods, earthquakes and explosions as well as enemy attacks.

He advised that in planning, consideration should be given to building upon existing resources of the community.

"A series of disaster plans will evolve from normal practice in civilian activities to the maximum expansion of medical facilities within the community," he added.

Following Dr. Lueth's discussion, a report from the student disaster committee was presented. Darrell Buettow of Norfolk is the committee chairman, and Dr. Samuel Fuenning, director of Student Health Service, is adviser.

Committee Okays 10 Per Cent Pay Hike For Million

Washington (INS)—A House committee approved a 10% pay raise Thursday for over a million federal employes in contrast with the 7½% increase which passed the Senate.

The House Post Office and Civil Service Committee voted the pay hike retroactive to Jan. 1, 1958.

The increase applies to 1,032,236 employes in the classified Civil Service, Foreign Service, Veterans Administration department of medicine and surgery and the legislative and judicial branches of the government.

PRETTY BLONDE IS SLAIN

New York (AP) — A pathetic, one-sided romance that began on a rainy night last November ended Thursday at a midtown subway entrance. After stalking his girl friend across the city for 2 days, a rejected, hangdog suitor ambushed and shot her to death.

"I tried to forget her, but I couldn't," said the spurned boy friend, William Combe, 23, of Roselle Park, N. J.

The victim was pretty Diane Mercandetti, 18, a blonde. She died 3 hours after she was struck by 3 bullets, one in the back.

Thursday morning, as the girl started for work, Combe was waiting at the foot of a subway entrance at 8th Ave. and 44th St., a block west of Times Square. Police quoted him as saying:

"She came walking down and when she was about 4 feet from me I started shooting. I don't know how many times I fired. I just kept pulling the trigger."

Church Publication Blasts 'Havelock Racial Intolerance'

The Havelock Christian Church bulletin "Cross Beams" said this week that the "pitiful events involving racial intolerance which has gripped the Havelock community" brought "much shame and disgrace to this community."

The article, approved by the official church board, was titled "Little Rock vs. Havelock." It referred to recent actions taken against the Negro family, the Sherman Browns, who moved into the suburb last January and whose house was gutted by an arsonist last weekend.

"It is something that is hard to understand and explain, in the light that Havelock is supposedly a Christian community," the bulletin declared.

The article stated that "we are certain none of the congregation of the Havelock Christian Church were involved in any of the tragic events over the last few weeks—but, in a sense, some of us may have helped fan the hate-filled emotions and prejudices of the guilty persons with our careless talk or indifference."

"The reason this situation got out of hand was simply because Almighty God was left out of the picture by too many people," according to the statement.

The Rev. Merlin Dana is pastor of the Havelock Christian Church and editor-publisher of Cross Beams.

CBS And Union Hit An Accord

. . . Strikers To Vote

Washington (AP) — Representatives of the Columbia Broadcasting System and a striking technicians' union reached an understanding Thursday that will be submitted to the 1,300 strikers.

The strike, now in its ninth day, will continue pending completion of the referendum among the strikers. That is expected to be done within 48 hours. No details of the understanding were announced pending completion of the vote.

Gilbert S. McCutcheon, federal mediator on the case, said:

"Representatives of the Columbia Broadcasting System and the International Brotherhood of Electrical Workers (AFL-CIO) have authorized me to announce that an understanding has been reached in the present strike situation to refer the company's proposal for a new agreement to a referendum of the union members."

Shows Canceled

The strike has affected CBS radio and television stations at New York, Hollywood, St. Louis, San Francisco, Chicago, Milwaukee, Boston, and Hartford, Conn. The stations have continued operating but the walkout of the cameramen and other technicians has prevented broadcast of some live TV shows.

The dispute has been over new contract terms, mainly concerning wage rates, job security and work jurisdiction. The company had offered a new top rate of $185 per week. The workers have received a $175 weekly top.

Camping Meet Opens At YM Friday

Outdoor camping with a Christian emphasis and a family association will be discussed at the Family Camping Conference meeting at the YMCA Friday.

Sponsored by the National Council of Churches, the conference will feature Rev. William Gene of New York City, executive director of the Department of Family Life, an organization of the NCC.

More than 30 leaders of 11 denominations throughout Nebraska are expected to attend the meeting. In addition, the conference will be open to the public and all are invited to attend, the Rev. Mr. Genne said.

"Outdoor camping can develop a sense of unity and will help the practice of Christian living within the home," the Rev. Mr. Genne said.

"They learn by watching others. It's sort of a laboratory experiment with 12 to 20 families living in a camping community," he added.

Ed Moss Takes Reins As VFW Commander Here

Edward J. Moss, 3225 Doane, was installed new commander of Veteran's of Foreign Wars Post No. 8009.

Others installed by Dale Bowman, senior vice commander, Nebraska VFW, are Ralph Johnson, senior vice commander; Leslie Belknap, junior vice commander; Raymond Forcier, quartermaster; Donald Dreeszen, adjutant; James Harper, post advocate; Robert Downs, chaplain; Irl Sapp Jr., surgeon; Elmer Stropes, officer of the day; Ivan Baker, post historian; Charles Bryson, post service officer, and Kenneth Peitsch, 3-year trustee.

Probers Told Military Satellites Could Bring War Or Peace

. . . Medaris And Gavin Testify

Washington (INS) — Army witnesses told the House Outer Space Committee that military satellites under development could either touch off a future "first class war" or lead the way to "lasting peace."

Army missile chief John B. Medaris pictured for the lawmakers a future conflict in which man-made moons will carry out military missions and huge rockets will be used to transport men and supplies.

The military potential of satellites was also stressed by ex-Lt. Gen. James M. Gavin, former Army research chief, who warned that "preoccupation with a weapons system that has won for us in the past is sure to bring us to destruction in the future."

Gavin proposed that large reconnaissance satellites be brought under control of an international agency such as the United Nations to spot hostile military movements and "prevent the start of major conflagration."

'First Time'

He said that the development of such satellites will afford the world "for the first time, a clear possibility of lasting peace."

Medaris expressed the fear that military satellites could actually lead to war. He disclosed that as a defensive measure the Army is conducting "feasibility" studies on anti-satellite-satellites and similar counter measures.

The tough talking Army officer took direct issue with charges that a plan to send a human volunteer into space aboard a Redstone rocket within a year is equivalent to a "circus stunt."

For Troops

Medaris said the Army will definitely need rockets to carry troops and supplies to "the scattered and fast moving battlefields of the future" and that this will be cheaper and more efficient than using conventional airplanes on such missions.

He pleaded for quick action on a proposal by Army missile ace Wernher Von Braun to construct a sealed capsule which could transport a man 150 miles into space via a Redstone and safely back to earth again.

Dr. Hugh L. Dryden, influential director of the National Advisory Committee for Aeronautics, termed the plan a stunt similar to the circus trick of shooting a girl from a cannon.

Rites Set

Hollywood (INS) — Funeral services will be held Saturday for movie and television writer Russell Hughes, 45, who had just completed 6 scripts for the "Maverick" television series. Hughes, who died of a heart attack, had been employed by Warner Bros. studios for many years.

HERE IN LINCOLN

Windows Broken — Irv Avner reported to police Thursday that 20 14x20 windows valued at $80 were broken by vandals in a building at 2745 No. 33rd.

Conservationist To Speak—E. C. Reed, director of the University Division of Conservation and Survey will speak on "Gas and Oil Developments in Western Nebraska", at a meeting of the Cosmopolitan Club Friday at the Cornhusker.

Hinman's siding, 2-4275.—Ad.

Weighty Mail Election Data

The Secretary of State's office was busy Thursday mailing weighty envelopes filled with election data for the May 13 primary to the state's county clerks and election commissioners.

Friday is the deadline for certification of the primary ballot.

Mayor Asked To Appoint New Human Relations Body

Mayor Bennett S. Martin was asked Thursday by the Nebraska Chapter of the National Association of Social Workers to appoint a "Commission on human relations."

Chapter Chairman Avis Kristenson urged the commission be "broadly representative of the community with responsibility to act to improving human relations in Lincoln."

This was the latest development in the apparent arson fire of the 4210 No. 60th home occupied by Sherman Brown, a Negro.

Council Organized

City officials said Lincoln already has a Council of Human Relations, which was organized Mar. 17, 1952, by former Mayor Victor E. Anderson.

Its current members are Dr. Steven Watkins, chairman; Charles Stuart, Hyman Rosenberg, Wyatt Williams, Miss Lucille Lediwth, Mrs. M. C. Leonard and the Rev. C. Vin White.

Mayor Martin said he received Miss Kristenson's letter and has forwarded it to Dr. Watkins. Dr. Watkins was out of town and unavailable for comment.

Met Once

One member said the Council was formed in connection with the reactivation of the Lincoln Air Force Base and had met only once since 1952.

Miss Kristenson said her group was aware of the Council, but felt it "has not been active enough and there is need for community-wide action."

In the letter to Mayor Martin, she said:

"As citizen of Lincoln, and as social workers, we are deeply concerned at the shocking events affecting a family of fellow citizens, members of a minority group in northeast Lincoln.

"These conditions call not only for police measures," the letter continued, "but for citizen awareness and action toward improving human relations in our community."

'New Group Needed'

"There is a need for a responsible official body to which individuals may appeal when their civil rights are impaired."

Copies of the letter were also sent to the Lincoln Council of Churches, the Lincoln Chapter of the National Association for Advancement of Colored People, and two newspapers.

Demos Aim For Top Party Leader As State Speaker

Nebraska Democrats are aiming for a top party leader or a Democrat currently active in major congressional legislation for their featured speaker at the annual Jefferson-Jackson Day dinner celebration in the state.

Plans for the observance are indefinite at this time, depending in large part on the availability of the selected speaker, State Chairman Willard Townsend of Lincoln and National Committeeman Bernard Boyle of Omaha said.

The event is most likely to take place in June.

Today's Calendar

Friday

"The Lark," NU Howell Theatre, 12th & R, 8 p.m.
Science Academy, NU Student Union, 14th & R, all day.

Recession Oddities

By WILLIAM O. DOBLER

A recession, depression, slump or whatever you want to call it is not a time in which you would expect your business to skyrocket. And, as a matter of fact, few businesses have skyrocketed in recent months but there are some exceptions.

One such exception is the business repossessions. It is reported that this activity in the past few months has gone up in practically all areas and has doubled and tripled in some cases.

A Major Boom In This Field

There, of course, is no consolation in that but it is another barometer of current conditions. It is a measuring stick that would not show up in its entirety in the unemployment figures. Many of the repossessions come from individuals who are not completely out of work but who have been cut off of overtime or laid off for only one or two days a week.

In the modern world of individual financing, just a small cut in earnings can do drastic things. A great many people buy so far into the future that they have their income for the entire next 18 or 24 months all tied up in advance.

When this income is suddenly cut, there is no way to back up and correct the situation. The commitment for payments on the car, the TV, the drier, the washer, the new and bigger home, etc. do not diminish with any cut in income. Thus is born the unpleasant business of repossessions.

★

There are also other unusual features of the current recession. The cost of living has continued to increase as food, appliances and just about all prices mount higher and higher. With more people out of work and less money to buy things with, the normal pattern would be for prices to decline in an effort to get more people to purchase.

But, instead of the normal pattern, prices go up and to combat that, the people are urged to spend their money. Down the drain in the past few months has been the time-honored respect for the thrifty individual. Bank savings have gone up, also, in the midst of the recession and been viewed with alarm from many quarters.

★

Rather than saving for a rainy day, people are now being urged to spend their money more freely. There is no doubt that if all or even a reasonably substantial part of the nation's savings were converted into cars, appliances, homes and other goods and services it would have a terrific impact upon the economy.

But this spending urge has not been met with much enthusiasm. Rather than spend their money, more people seem to be interested in salting it away. Oddly enough, there was no urging from anyone that merchants and businessmen voluntarily cut their prices to bring more people into the market.

More and more attention is being given every day to the individuals involved in the recession. One news source reported that a man out of work was interviewed and stated that when someone else is out of work, it is a recession but when you are out of work yourself it is a depression. It is difficult to understand the real significance of a decline in the economy when all you do is compare the total number of unemployed now with the total number a year ago.

A Polite Word For Others

The meaning of the recession is not actually known unless you are out of work yourself or at least have a comprehension of what it is like for those who are out of work. Hardly enough money to buy groceries, no money for clothing, no money for other bills —these are the individual realities of a recession. It is this individual reality which makes it essential that a more permanent solution be found to economic decline than has been advanced in any quarters.

New Leadership

This paper joins the Nebraska community in reminding Dr. Vance Rogers that this is the day he is to be formally installed as chancellor of Nebraska Wesleyan University. And just as surely as the good doctor awakes this morning, stimulated by the knowledge that as of now he has under his guiding and constraining hand a school of higher learning with all of the challenge that goes with it, all Nebraskans assure him that it is a reassuring day for them.

It is not too early to speak well of the future for Wesleyan in Dr. Rogers' hands. Unofficially he has already guided it for a year. He is a proven man.

Wesleyan has enjoyed unusually good fortune in its chancellors. They have all contributed substantially toward its establishment and toward its high educational stature. Continuation of that would, indeed, be a stirring challenge to any chancellor. But Nebraska is aware that even more than that will be required of Dr. Rogers.

Education everywhere is entering a new phase. In this American democracy the early purpose was to expand the service of formal learning to every American, to dispose of illiteracy, to see that none lacked the opportunity and that all partook to some degree of it. That was a noble goal, magnificently achieved.

Now the need is to take it from there. America must formulate an educational program geared to the discriminating requirements of an age of science and higher enlightenment. And it is an age in which human morals and ethics are even more greatly needed to restrain and constrain minds that have such greatly expanded power.

Dr. Rogers has been named to that important company of key educators upon which the responsibilities of the new education must rest. He understands the problem and is willing for the task. Nebraskans are confident of his capabilities and look upon Wesleyan as an excellent instrument. There is not much further to say at this juncture than, "Happy landing."

Ounce Of Prevention

A case of suspected arson, a public outcropping of a disagreeable neighborhood relationship failed by a substantial margin to qualify Lincoln as a racial trouble spot. But it gave a jarring reminder that no community is exempt and that a philosophy of "it couldn't happen here" is an illusion.

Lincoln's specific instance calls for specific treatment, but as a generalization the community is reminded that it has a job to do in the matter of adequate low cost housing. Prevention of an untenable condition is worth a thousand specific cures.

It is true that urban renewal is a dirty word in Nebraska. It is a state that clings to the doctrine of private enterprise and individual initiative. But there is another side of the coin. Urban renewal and low cost housing, as employed by most cities, are less starry-eyed than practical. The redemption of property values, the prevention of unnecessary expansion, greatly costly, to areas requiring extended city services far from where adequate services have already been bought and paid for, have lightened rather than burdened taxes. They have also produced greater community contentment.

Contentious housing or substandard housing can be a bad loser. An alert, successful community does not close its eyes to possible improvements because of an unwelcome word. It carefully examines every opportunity before casting it aside.

Money Well Spent

As new school buildings go, $150 thousand is not a big charge for one.

But in terms of useful education sometimes a $150 thousand building will house an impressive amount.

The best example of that is on display at the Nebraska State Trade School at Milford. Early this week state officials attended and duly noted the dedication of the school's new $150,000 class room and laboratory building.

The trade school now has an enrollment of around 400. It is not turning out scientists and scholars, but technicians in a wide variety of useful trades. And it is doing a competent job.

The Nebraska trade school is not the most favored of the state's services. Nebraska, like most other states, will roll out tens of millions for a smooth running highway, millions more for academic education, but raises its feathers and squawks like a broody hen when it comes to financing a trade school. That is habit more than conviction. Far more Nebraskans are going to find their lives in the trades than in physical sciences and they are well served when the state provides for them a good place for basic training.

The skilled craftsman, the technician has been greatly underrated in the United States. He is as essential as is that rare individual who can conceive great scientific principles.

An architect may conceive a dream structure but it is no good unless there are the excellent contractors and craftsmen who can put it into substantial form. The design of an earth satellite is a matter for creative scientists but this nation has lately learned that craftsmanship is the difference between something that arches precisely into space or fizzes around the ground like a monster Fourth of July spit-devil. Today the United States is less short of scientists and the wherewithall than it is of craftsmen such as those who man the fine optical lenses and the precision watches of Europe.

Excuse Us Please

A local grocer is getting a chuckle from his customers with this report of what followed a burglar alarm at his store in the wee hours the other morning:

Three squad cars of police were there, and as the officers went into the building on the lookout for the burglar they each drew their guns. Right with them was a reporter, his only weapon at ready position: a camera.

Yep, that's a reporter.

DREW PEARSON

Roaches High In World Affairs

WASHINGTON — American diplomats rubbed their eyes last week when they read a cable flashed across the Atlantic: "Please inform which dish of cockroaches broken (signed) Dulles."

The cable, signed by the distinguished secretary of state, pertained to the death of 36 cockroaches sent by the United States to participate in the Brussels world fair.

The lowly bugs had been shipped to Brussels as part of the cold war between the East and West. To some extent they were to prove that the U.S.A. could raise bigger and better bugs than are raised behind the Iron Curtain—and how to raise them.

Three shipments of cockroaches were sent to Brussels—a common, kitchen variety untouched by science; a puny, pitiful variety injected with aureomycin; and a third batch of super-duper cockroaches fed with vitamins. The latter were bugs that the free world could really be proud of—healthier, more virulent than any Communist bug that had to scrounge for a living in the slave world.

Furthermore, an interesting point was being made by these cockroaches. Though housewives regard cockroaches as parasites, it seems that cockroaches themselves have parasites. And in the cockroaches which had received aureomycin, the parasites had been killed, which interfered with their digestion and made them puny.

Unfortunately for the battle of the bugs between East and West, the displays of cockroaches were crushed en route to Belgium and the cockroaches killed. Hence the cable: "Please inform which dish of cockroaches broken —Dulles."

Secretary Dulles, of course, automatically signs every cable leaving the State Department, so it's doubtful whether he knew much about the competition of the cockroaches. At any rate, the problem was taken to the National Academy of Sciences, which, having no replacements on hand, sent rush orders to the University of Minnesota for three dozen more cockroaches.

Until they arrive, Americans at the Brussels fair have to resort to colored pictures to show the achievements of the American cockroach in the battle between East and West.

DORIS FLEESON

New Jersey Vote Shows Demo Split

WASHINGTON — Governor Robert B. Meyner of New Jersey, a leading Democratic presidential possibility, has survived an important challenge to his leadership but he is by no means out of the political woods.

The returns in the United States senatorial primary show plainly that he does not have command of the state party organization to anything like the degree commonly supposed. The returns plus the nature of the primary campaign show also that he faces a major job of reconciliation with labor, which is an important source of Democratic power in New Jersey.

Both are vital to him in any contest for the presidential nomination. A candidate obviously needs near-solid backing from his own state organization.

The influence of labor in a national convention spreads over the delegations generally, especially among Democrats who send so many labor delegates from all parts of the country to such conventions. New Jersey labor in particular has influence with what labor-minded delegates will do in the New York and Pennsylvania groups.

A curbstone opinion among many New Jersey Democrats is that Meyner's man, former Representative Harrison Williams Jr., won the primary only because State Conservation Commissioner Joseph E. McLean entered the race over Meyner's opposition.

☆ ☆ ☆

McLean ran a poor third but got about 60,000 votes. Williams won over Hoboken Mayor John J. Grogan by about 14,000 votes. It is being said that McLean got his votes chiefly from Grogan, not Williams.

Proof of that opinion must await a ward-by-ward check by state experts. What is incontestable is that Grogan piled up a 72,000 plurality in Hudson county, the strongest area of Democratic strength in the state.

Furthermore Grogan, president of the National Shipbuilders Union, got the endorsement of the state CIO-AFL. Williams, who had a pro-labor record in the House can confidently expect labor's backing against Republican Representative Robert W. Kean, an easy winner of the GOP primary. But the Hudson county fence-mending ahead of Meyner and Williams is another matter.

☆ ☆ ☆

New Jersey is traditionally Republican; part of Meyner's appeal nationally has been his ability to attract voters of both parties for two terms in the state house. What happens in the Williams-Kean race will in part depend on recession trends this fall, but Williams is the underdog.

The question where Meyner went wrong is answered by a source friendly to him in three words: "In the beginning." This observer felt that the governor showed indecisiveness when the rival ambitions and Hudson county difficulties appeared, whereas he should have got party leaders together and cracked a few heads. Meyner finally named Williams as his choice and got 19 of the state's 21 leaders to go along.

His difficulty is that populous Hudson was among the missing two.

Bernard Shanley, former appointment secretary to President Eisenhower, appears in a Groganesque role in the GOP primary. He lost to Kean by 24,000 votes, but various state experts feel he would have won had not Robert Morris, former chief counsel to the Senate Internal Security Subcommittee, siphoned off 72,134 conservative Republican votes. Most of those would, it is said, prefer Shanley to Kean as more conservative, though both men ran as Eisenhower Republicans.

THE NEIGHBORS SAY

Now, Rhythm In Your Philodendrons

By MONA B. PARKER

Warren Wood, Gering publisher, says that there in the Banana Belt, one day will offer you anything you desire in the way of weather variety. One morning dawned bright and clear. . . presently dust was blowing . . . snow fell later in the morning. . . it cleared and turned into light rain. . . it warmed up in the afternoon . . . but by evening an overcoat was in order. . .

☆ ☆ ☆

The Chappell Register considered spring housecleaning and from the flurry of window-washing and curtain-starching emerged with the thought that maybe a little annual soul-cleaning might also be in order this time of year. . . with new furnishings of the spirit. . .

"Think what we could add —the brightness of kindness, the lovely pastel shades of tolerance, the beautifully grained surfaces of services, the velvety texture of forgiveness, and the warmth of fellowship!"

☆ ☆ ☆

The Trenton Register says that of course it's only a coincidence that brings Nebraska's primary election to us at "spring clean-up time," something that dissatisfied voters might have occasion to dispute. . .

☆ ☆ ☆

Women are those rare and delicate creatures who can repair anything around the house with a little nail polish or a bobby pin. Their ingenuity carries over even into the business world, it seems. . .

W. H. Plourd of the Nance County Journal has his own logical explanation for a slump in one surplus commodity. He noted from a federal news release that the wheat surplus gets lower in the weeks just before harvest each year. "The toast burned by June brides probably has something to do with this."

A Kearneyite arrived at his office one morning, only to discover that he had forgotten his necktie and that the collar button on his shirt was missing. A fellow office worker came to his assistance. She produced a paper stapler and stapled the shirt collar shut.

☆ ☆ ☆

It isn't a strain on anyone's back these days, Mrs. Lester Eastwood remarks in the Pawnee Republican, to carry home five dollars worth of groceries. But a half century ago it was different. Ads in a 1905 paper she had found listed the following, purchasable with one five-spot:

Twenty-five pounds of sugar, six pounds of fancy coffee, one and a fourth pounds of tea, 10 pounds of rice, 11 pounds of beans, one pound of pepper, one and a half pounds of baking powder, five pounds of prunes, four glasses of jelly, and 13 bars of good laundry soap with a large bottle of bluing thrown in free.

A merchant advertising then optimistically added that all the above could be bought from then until the year 2000. . .

☆ ☆ ☆

A Loup Valley Queen writer is enthusiastic about something with the technical designation of heliotropism. It has to do with radiation or wave action or the power of suggestion, some mystical influence produced by music and its effect on growing plants. Would rock-and-roll, she wondered, have a different effect on her philodendron than, say, Perry Como's ballads?

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name. Letters represent only contributor's views.

All The Facts

Lincoln, Neb.

To the editor of The Lincoln Star: Before putting on sack cloth and covering myself with ashes just because I'm a white man and a professed Christian, I would like to know just who it was that set the fire that burned out our colored neighbors in Havelock. Instead of condemning the whole white race in Lincoln on the present circumstantial evidence, I think we should wait until all the facts are in.

In reference to private residential property, I think white people are within their rights under our Constitution to maintain all-white communities. I think it is a sensible attitude rather than a "superior" attitude for wanting to live among people of your own race. This attitude certainly isn't confined to the white race alone.

It would be nice if Lincoln could strive for housing improvements for all races.

PAUL H. TRACY

☆ ☆ ☆

Governor's Job

Omaha, Neb.

To the editor of The Lincoln Star: Several writers have expressed surprise that a case of arson caused by racial feeling could take place in the supposedly virtuous capital of Nebraska. This writer is not the least surprised. We place the blame for such an uncivilized act upon the present incumbent to the high office of governor. His office, being executive, calls upon him to exercise vigilance on all matters of state, keeping Nebraska on at least a par with other states. He should incessantly check to see how we stand on income, civil rights, general justice, education, welfare, etc., and this he has not done.

When Bill 486 (Fair Employment Practices) became wedged under a pile of 600 other bills, he didn't care. One word from him and the bill would have been released for action on the floor of the Unicameral and, with public demand, passed. Then a new atmosphere would have been provided, of which possible arsonists would have been aware. Gov. Anderson or his probable successor should articulate the true conscience of Nebraska and crusade for justice.

J. WHITE

Sound Finances

Lincoln, Neb.

To the editor of The Lincoln Star: A $5 billion cut in taxes has been proposed by Mr. Truman, giving the low income groups the benefit. I wonder if that is not a good idea. Certainly it would benefit a vast number of people. I belong to the Republican party, and during the Hoover administration we listened to the old song that prosperity was just around the corner—only in those days we called it a depression. Our President shouted to the housetops to keep our shirts on, we'd soon be enjoying prosperity, there would be two chickens in every pot and two automobiles in every garage. Yet he called out the Army and drove the returned soldiers out of Washington.

Yes, we are quite used to that old song, only now it is that the recession will soon be over. There is no need to get excited, it will pass by. Only five million unemployed. Then he vetoed the farm price support bill that Congress passed, freezing the farm price crop supports, which lets Secretary of Agriculture Ezra Benson slide the prices down a little more. Ex-President Truman said he saw no need for periodic economic downturns and that both plans and policies of government should be directed toward constantly expanding the economy. We might not be altogether successful in preventing economic downturns, Mr. Truman said, but at least we can make that our goal. Mr. Truman also urged expansion of the unemployment compensation system and increased social security benefits. That would give the masses additional buying power.

In the oncoming election, we should elect to office men with broader minds who will give our masses the buying power denied them in 1929, men who will bring our free America back to a sound financial basis as was done in 1932 by the election of Mr. Roosevelt.

JACOB C. FERGUSON, SR.

Our America

Lincoln, Neb.

To the editor of The Lincoln Star: An article in the May edition of The National Geographic Magazine depicts the service and efforts of many Americans now living and many more who have passed on, in the preservation and making available to us the natural beautiful recreation areas of our America. It also includes descriptions of the major parts of those historical places that venerate the labors of the founding fathers and the later maintainers of the American way of life.

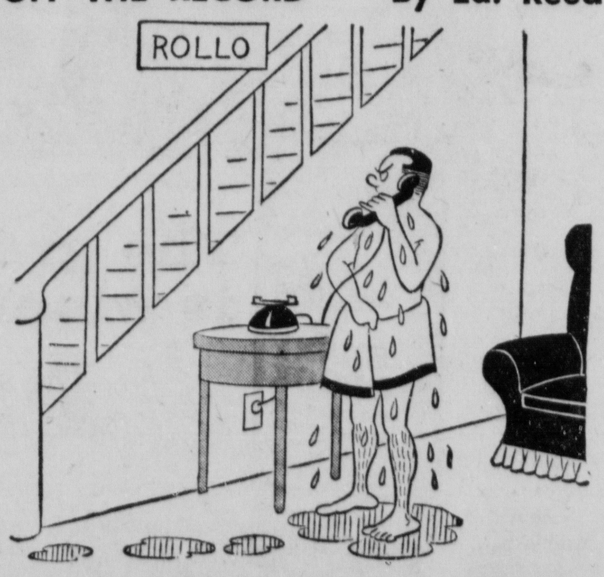

I wonder if the general public is aware of the national effort that is being put forth by the Department of Interior under the present leadership of a Nebraska citizen, Mr. Fred Seaton? Operation 66 is an effort to bring to bring to flower the greatest possible enjoyment of the gifts bestowed by our Maker. It is called "66" because that year has been set as a goal for the greater accommodation and enjoyment of visitors. The advent of the automobile and the vacation have set the public on new trails as never before, and such visits and meeting on the trail have contributed in no small way to the understanding of every American with his neighbor.

The first national park, Yellowstone, has been followed by so many more that the list now extends from Hawaii to the Virgin Islands, from the Florida Everglades to Alaska. While the first selections were located in the West, the East has given many valuable additions. This service has been given even the care of the national capitol grounds and the Statue of Liberty.

The vision and patriotic service of people who began this service and the philanthropy of many individual citizens, states, and nation in these priceless gifts should be honored by our personal recognition.

Effort To Attract Industry Includes National Ad Of 600-Acre Lincoln Site

By Don Walton

Availability of a proposed 600-acre industrial site near Lincoln will be nationally advertised in an effort to attract new industry to the city, a Lincoln attorney said Thursday.

Edwin H. Hammond, who owns the property, said an advertisement stressing the site's location at a "new interstate highway interchange" will appear each Monday for at least a month in the Wall Street Journal.

The property is currently being improved for industrial use by a major earth-moving operation which will solve a drainage problem. The bulk of improvement work will be completed in a couple days, Hammond said.

Further leveling and removal of trees will nearly complete the operation, he said.

Sign Put Up

A 10 by 50 foot, double-faced, illuminated sign has been constructed along U.S. 6 northeast of the city where the tract begins (3 miles from the city limits) to further advertise the property.

The sign can be read by persons traveling 60 m.p.h. both on the highway and in trains on the adjoining Burlington tracks, Hammond noted.

In addition, brochures containing detailed descriptions of the proposed industrial area are being prepared to be mailed to persons or businesses indicating interest in the site.

Hammond and the Lincoln Industrial Development Corp., are working together on steps to have the tract designated as an industrial park area.

The Midwest Research Institute submitted a favorable report on the site except for the drainage problem which, Hammond says, has now been remedied.

Hearing Set

A hearing on the industrial designation request is set for May 13 before the Lancaster County Board.

An area designated "industrial" may not be annexed to Lincoln and would therefore escape city taxes, a procedure permitted by state law as a means of attracting industry to the state.

The Wall Street Journal advertisement will stress ample facilities for electric power, natural gas and water; excellent supply of productive labor; the possibility of developing a portion of the tract for plant requirements and selling the excess at profit, and that the land is "priced at approximate farm land valuation."

It terms Lincoln "a co-operative community in a co-operative state."

Soil Bank Signup Light; Only 1 In Lancaster

Although final tabulations have not been made to determine the extent of participation in the 1958 Conservation Reserve program of the soil bank, if Lancaster County can be used as an indicator it may be a light turnout of conservation contracts.

Although Lancaster County has enrolled and has approved 25 contracts, only one is a 1958 agreement. The rest are carryovers from 1956 and 1957. The 25 approved contracts represent 3,781 acres, at a total value of $24,521.

Of the total, practice payments come to $14,437, which includes 819 acres in permanent cover and 6 water storage structures. Annual payments, totalling $10,084, comprise the rest of the Lancaster figure.

Payments Total $383,505

The deadline for Conservation Reserve sign-ups was April 15. As of Mar. 28, Nebraska farmers had signed 379 applications, offering 23,335.2 acres. Estimated payments obligated, including both practice and annual payments, totalled $383,505.17.

Although participation in the corn and wheat acreage reserve in Nebraska has been steady, the state ranks near the bottom of states participating in the Conservation Reserve.

Except in a few small areas, where there was zero participation, and a few areas showing from 1-5% participation in 1957, the major portion of the state falls in the .1-.9% bracket, according to Department of Agriculture statistics.

Nationally, more than 3.3 million acres of cropland had been offered for contracts under the 1958 Conservation Reserve program through Mar. 28.

Over 3 Million Acres

The 3.3 million acres offered were covered in 51,667 applications for contracts, to become effective this year, which farmers have signed with USDA through county ASC committees.

The acreage reported so far is in addition to about 6.5 million acres put in the program during 1956 and 1957. Under the program, farmers signed contracts to divert general cropland from the production of crops to soil and water conservation uses, tree planting, and wildlife protection for periods of 3, 5, or 10 years.

WWI Vets To Meet Every Third Tuesday

A regular meeting date of the 3rd Tuesday of every month has been set for the local Barracks 165 of the Veterans of World War I.

The meetings are held at 8 p.m. in the Odd Fellows Hall, 11th & L.

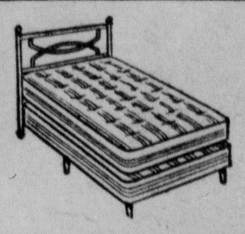

The Veterans of World War I has a national membership of over 400,000.

Starkweather Case Costs Up To $6,077

Expenses to Lancaster County in connection with the Charles Starkweather murder case have reached $6,077.09, County Commissioner Del Liennemann reported Thursday.

Lienemann, an accountant, is keeping a record of the expenses. The investigation by Californian Harold Robinson, a former FBI agent, of local law enforcement handling of the case leads the expense list with $1,972.64.

Half of this, $968.32 will be paid by the city and half by the county. Other costs (up to Apr. 14): autopsies, $965; travel expenses, $943.31; recording of statements, $703.20; board and room (for Starkweather at the State Penitentiary and his girl friend, Caril Fugate, at the State Hospital), $607.25; x-rays, $470; photographs, $286.03; phone bills, $77.68; and miscellaneous costs, $51.98.

The true old-style Kentucky bourbon

EARLY TIMES

Always smoother because it's slow-distilled

There are less costly ways to make bourbon whiskies—but they'll never give you the smoothness you get in Early Times. The extra care and attention of slow distilling...the patient willingness to take twice as long... this is the old-style way, the smoothing way to make whisky. Next time, ask for Early Times.

West Defense Ministers End Talk; France OKs Missile Bases

Paris (AP) — Western defense ministers ended their conference with a strong display of solidarity, bolstered by a report that France has agreed in principle to the stationing of American-built missile bases and nuclear warheads on her soil.

A communique winding up the North Atlantic Treaty Organization (NATO) ministers' 3 days of meetings said the conferees endorsed plans for a ground force in central Europe nearly double its present strength. This shield against Communism would be backed by a network of medium range missile bases capable of hurling nuclear warheads into the Soviet Union.

The ministers also endorsed plans for co-ordinated research and production of new weapons and confirmed support of NATO strategy as outlined by Gen. Lauris Norstad, supreme allied commander in Europe.

A senior official said Norstad advised the ministers of France's agreement in principle to the bases. A French Foreign Ministry spokesman said negotiations with the United States now are underway. If successfully concluded, these talks could lead to establishment of rocket launching bases in France.

The ministry spokesman would give no details, however, of the status of the negotiations or of French terms for an agreement, and American officials would not comment.

Britain was the first to accept medium range missile bases, and Norstad said other European nations in preliminary talks indicated they would accept them.

The informant, who attended the meeting, said Norstad startled the defense ministers by refusing to name the other nations on the ground too much information on the secret sessions was leaking to the press. Norstad's position was not challenged, however, and NATO Secretary General Paul-Henri Spaak supported the American general's complaint of news leaks.

Some members of the conference said earlier that Norstad has held discussions with Turkey, Italy and the Netherlands.

Dr. Hauck Joins Midland Faculty

Fremont, Neb. (AP) — Dr. Allan Hauck, 33, will become assistant professor of christianity and philosophy at Midland College in September, Dr. Paul W. Dieckman, Midland president, announced. Dr. Hauck is serving as pastor of St. Mark's Lutheran Church, Auburn, Ind. where he has been since 1954.

Six Killed

Berlin (AP)—Six East German workers were killed by gas leaking into a big potash mine, the East German ADN news service said.

Mrs. Kuklish Honored For Cedars' Work

Mrs. Alberta Kuklish, director of Cedars Home for Children, has been named recipient of the first Sertoma "Service to Mankind" award.

Percy Mays presented the award, which is to become an annual presentation, at the club's Thursday noon luncheon.

Mays cited Mrs. Kuklish as "the pillar upon which the children lean," and said that the improvements in the home's physical plant were only part of the story of her accomplishments. Mrs. Kuklish raised her own son, he said, and then became a "Mom" to hundreds of Cedars children.

Last year, 155 children were residents of the Cedars Home. Mays added that Mrs. Kuklish practiced the universal theory that "children need a lot of things, but what they need most is love."

Mrs. Kuklish, who is a native of Ord, joined the Cedars staff in 1949, and was assistant director until 1958, when she was named director.

Miss Wagner, Adult Education Head, To Retire

Ona Wagner, director of general adult education for the Lincoln schools, will retire June 30 after 20 years of adult education work in Lincoln.

Miss Wagner organized the adult high school when she began her work in Lincoln in 1938. Since that time, 1,892 adults have received their high school diplomas.

This June, marking Miss Wagner's retirement, the largest adult class ever to be graduated—155—will receive diplomas.

Dinner Planned

On Sunday, Apr. 20, Miss Wagner's adult teaching staff will honor her at a dinner to be held at the Compass Room.

Miss Wagner is in charge not only of the adult high school, but also the adult elementary work, the citizenship program for the foreign born and special adult driver education, Spanish and art classes.

Born in Ithaca, Neb., and graduated from the University of Nebraska in 1915, where she was a member of Phi Beta Kappa scholastic honorary, Pi Gamma Mu and Delta Kappa Gamma.

Studied Abroad

Miss Wagner also did postgraduate work at Columbia University and the University of Wisconsin, and research work in Paris.

Miss Wagner's staff and associates commented that "no one could know of all the service she has rendered.

"All of us who have had the privilege to work with Miss Wagner have been impressed with her ability to organize, to do a tremendous amount of work of great variety and detail in adult education. She seems never to tire and takes everything calmly in stride. Everything seems to be a thrill and a challenge for further service to an individual or to a group of persons."

Aids Immigrants

As part of her work, she supervises the education program which helps adult immigrants prepare for U.S. citizenship. Hundreds have learned the English language and have received instruction in American history and federal, state and city government in preparation for naturalization examinations.

ONA WAGNER

She started adult education work for the Lincoln Schools in 1938, but spent one year traveling in the state organizing citizenship programs for the foreign born for the Department of Justice.

A charter member of the national Adult Education Assn., she was a chairman of the AEA constitution committee which drew up the present national constitution.

Under her leadership, Lincoln adult discussion groups were formed to critically evaluate national and world affairs materials which the Fund for Adult Education of the Ford Foundation was developing.

'Opportunity'

Commenting on her work, Miss Wagner called it "a wonderful opportunity to try to help satisfy the desires of a wide variety of people."

She said much of the interest came from the wide range of the adult students' backgrounds and capacities, and the program "which offers such variety and flexibility."

Among Miss Wagner's activities are membership in the National Education Assn. and the American Assn. for University Women.

In 1954, she was one of 5 adult education workers in the U.S. to receive a merit award from the National Assn. of Public School Adult Educators. She was a national committeewoman of the NAPSAE for 2 terms, and was one of the group's organizers.

Headed Groups

She has served as president of the Nebraska Woman's Educational Club, president and vice president of the Missouri Valley Adult Education Club, and on the Mayor's Committee for the Employment of the Physically Handicapped.

She has been president of the Lincoln AAUW, corresponding secretary of the state group, and Legislative chairman of the state PTA.

After her retirement, Miss Wagner plans an extensive trip north through western Canada, and along the West Coast, then back to Lincoln through the southwest. She termed it her "first chance at a real vacation since I started my work in adult education." A European tour is also on her agenda.

3 Scholarship Recipients Named

An Omahan and 2 Lincoln high school students were named winners of 1958 Lincoln Journal freshman journalism scholarships at the University of Nebraska.

They are: Gretchen Ann Shellberg, Omaha Central High School, $250; Elizabeth Ann Morris, 1940 So. 16th, Lincoln High School, $100, and Patricia Ann Dean, 1011 So. 33rd, Piux X High School, $100.

Miss Shellberg is associate editor of the Central High Register and a member of the National Honor Society.

Miss Morris is a writer for the Lincoln High Advocate and president of Co-ed Councilors. Miss Dean is president of her school yearbook and a member of National Honor Society.

Previously announced recipients of Lincoln Star scholarships and the 3 Journal winners will be honored at the annual Silver Key luncheon for high school journalists May 17.

Grossman Re-Elected USO Head

Nathan Grossman of the Jewish Welfare Board Thursday was re-elected president of the Lincoln USO Club.

Grossman

Bob Dudley of the YMCA succeeds J. B. Kniffen, former general secretary of the YMCA, as secretary.

Others re-elected: Norma Carpenter, YWCA, vice president, and Ed A. Becker, Catholic Community Service, treasurer.

Trailer Explosion Victim Is 'Fair'

James Hammond, 28, was reported in fair condition Thursday night with severe burns he suffered in an explosion and fire that destroyed his trailer house at 2401 West O early Wednesday morning.

Fire inspectors said the blast was caused by ignition of propane gas when Hammond lighted a cigaret in the 42-foot trailer.

Hospital officials reported Hammond suffered first, second and third degree burns on the upper part of his body and legs.

World's Fair Opens In Brussels—

U.S., Russia Stage Peaceful Tussle

By Eddy Gilmore

Brussels, Belgium (AP) — Russia and the United States staged a peaceful tug-of-war at the world's fair opening Thursday in a bold bid to galvanize attention on their different ways of life.

Thousands swarmed into both shows. They saw graphic exhibits of life under Communism, and on the other side of the road, some of the fruits of free enterprise.

Neither country kept any count of the milling throngs, but there seemed to be general agreement that the U.S. building pulled in more people.

Millions Spent

Each nation spent millions of dollars in setting up 2 splendid pavilions at the first world's fair to be held since the one in New York 19 years ago.

The big show will go on until Oct. 19. Its Belgian backers believe 50 million people will come to see the sights. The sights include, of course, far more than the Soviet and American bids to capture man's imagination. More than 50 nations are represented. Belgium, the host country, has a staggering exhibit of its own.

But everywhere on a cold inaugural day, 2 questions were repeated by the shivering crowds:

"Have you seen the Russians?"

"Yes, have you seen the Americans?"

On the first day of the fair, opened by Belgium's bachelor King Baudouin in an overcoat, the Americans and the Russians had vastly contrasting attractions.

The big hit of the Soviet show was its model of the globe-circling Sputnik. With good reason, perhaps, the United States exhibited no artificial satellites.

The attraction that caught most eyes at the American pavilion was a fashion show with live girls wearing American-made dresses and brief bathing suits.

"Look at those girls," gasped a Swede, "the Americans don't have to show anything else."

Realtors To Vote On Sunday Showings Ban

The Lincoln Board of Realtors discussed the problem of Sunday showings at their recent meeting, but no definite decision was made, Hal Pickett, Board president, said Thursday.

Pickett said, however, that a motion was made to amend the by-laws. The proposed amendment would prohibit Sunday showings.

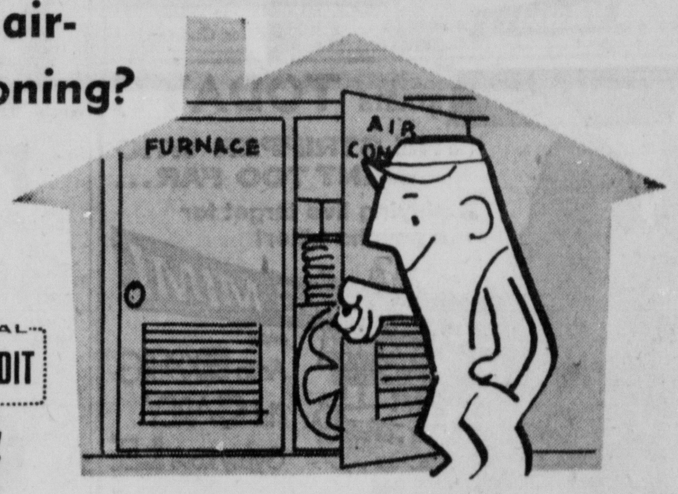

This proposed amendment will be submitted to the general membership for a vote on May 7, he said, and their vote will be the deciding factor in the controversy.

NU Names Poetry, Fiction Contest Winners

Frank Hemphill of Lincoln and Ervin D. Krause of Akron, Ia., have been announced as winners of the annual poetry and fiction contests sponsored by the University of Nebraska's department of English.

Hemphill won the $50 1st place prize in the Ione Gardner Noyes Memorial Poetry contest for his work, "Pretense of Weathervanes." He is a junior in the College of Arts and Sciences, majoring in English.

Krause won the $50 1st place in the Prairie Schooner Fiction contest for "The Right Hand." He is a graduate student in English. Last year, he received an honorable mention award in the contest.

Other prizes in the poetry contest are:

Second, $25—Jerry Petsche of Lincoln for "Blind Brothers"; 1st place winner in 1956, 2nd place winner in 1957.

Honorable mention — Barbara Millnitz of Plainview for "Of Space and Branches"; honorable mention in 1957.

Other fiction contest winners are:

Second, $30—Robert Almquist of Ceresco for "The Start-Finish Line."

Third, $20 — Mrs. Glenna Berry Luschei of Lincoln for "Bored of Missions"; 3rd place winner in 1956, honorable mention in poetry in 1956.

Honorable mention—Vernon Bloemker of Lincoln for "The Big Fumble"; 2nd place winner in 1957.

The awards were presented during a coffee-hour program in the Student Union at which Karl Shapiro, professor of English, spoke on "Campus Writers."

A preview of the new undergraduate literary magazine, edited by Stephen Schultz of Nevada, Ia., was also presented.

Main Feature Clock

Stuart: "Summer Love," 1:25, 3:25, 5:25, 7:25, 9:25.

Lincoln: "St. Louis Blues," 1:25, 3:25, 5:25, 7:25, 9:25.

Nebraska: "Henry The 5th," 2:00, 4:30, 8:00.

Capitol: "Curse Of Frankenstein," 6:20, 9:45. "Arrow Head," 7:45.

Varsity: "Paris Holiday," 1:09, 3:15, 5:21, 7:27, 9:33.

State: "High Flight," 1:10, 4:03, 7:00, 9:45. "Torero," 2:45, 5:40, 8:35.

Hospitalized

Hollywood (INS) — Comedienne Nanette Fabray, who is expecting a baby in September, was ordered confined to Cedars of Lebanon Hospital for 3 days of observation.

Miss Fabray was shaken up in an automobile accident, and she was taken to Cedars of Lebanon where she complained of abdominal pains.

Some Drivers On Blind Assistance Rogers Reports

Some holders of Nebraska drivers licenses are drawing state assistance for the blind, Dale A. Rogers, State Motor Vehicle Department head, has discovered.

Rogers said he would request such individuals to undergo the required sight examination for drivers. If they should fail to pass, he said their licenses would be revoked.

Rogers said he believed that some individuals drawing assistance for the blind and holding drivers licenses were merely keeping their licenses without any intention of putting them to use.

Highway Department Gets 'Thank You'

A letter to the office of L.N. Ress, state engineer, sent by New Mexico tourists who had been snow-bound in Nebraska during an Apr. 5 blizzard, expressed praise and gratitude for the work of State Highway Department crews who cared for them for approximately 2½ hours while they were stuck on Neb. 29 between Scottsbluff and Kimball.

Rehearing Sought On Contested Will

A brief is on file with the State Supreme Court asking that the high court grant a rehearing of a Morrill County District Court case involving a contested will.

The brief, filed by attorneys for Faye Lutcavish, said the district court erred in failing to consider Faye Lutcavish's demand as a claim for money and payable only out of the general funds of the estate in the hands of the administrator, Paul E. Eaton.

Norris Contract Best, Iowan Informs Court

Beatrice, Neb. (AP)—The District Court was told Thursday that despite 2 escalator clauses in the city of Beatrice's power contract with Norris Rural Public Power District, the Norris contract will be cheaper than one offered by Consumers Public Power District.

Consumers is suing to nullify the Norris contract.

Allen Dunton of a Muscatine, Ia., engineering firm testified that one clause provides that if Norris has to pay more for its power because of its Beatrice contract, it shall pass that additional cost on to Beatrice. Dunton said that the cost will be less, not more, because of the Beatrice contract and therefore that escalator clause will not apply.

The second clause provides that if power costs during a 10-year period are greater than during a base period—1956—then Norris may pass this cost on to Beatrice. Even if it does, said Dunton, the Norris contract would be a better one for Beatrice than Consumers'.

Dunton said that an escape clause provides that Beatrice can cancel the contract anyway, if it can generate the power more cheaply or can buy it more cheaply from Nebraska Public Power service.

Dunton testified for Norris. His firm was one hired to evaluate the contracts.

Loeffel To Be Honored For NU, Farm Service

...Honor Guest Of Block And Bridle Club

A "real pioneer in the field of livestock and meat research and a trail blazer in the teaching field" will be honored here Friday night.

Loeffel

Prof. William J. "Bill" Loeffel, chairman of the Department of Animal Husbandry at the College of Agricultur e, will be honor guest at the traditional Block and Bridle Club banquet. The event, which is open to the public, will get under way at 6 p.m. Friday in the University of Nebraska Student Union.

Loeffel will be honored for nearly 40 years service to the University and the livestock industry. His portrait will be plaaed with others in Animal Hunsbandry Hall on the College campus. Outstanding stockmen have been honored at the banquet since 1938.

More than a score of men representing Omaha livestock interests as well as stockmen and friends will join in honoring the man who joined the College staff in 1919 as assistant professor of animal husbandry. Since then he has gained national recognition for his contributions to research, teaching and administration.

Assists At 4-H Show

Prof. Loeffel has been active in supporting 4-H club livestock work and assisting with the 4-H show at hte Nebraska State Fair. In addition, he has served as superintendent of the Ak-Sar-Ben 4-H Livestock Show at Omaha and as a member of the Board of Governors of the American Royal Live Stock Show at at Kansas City, Mo.

His livestock marketing schools conducted with the cooperation of the livestock marketing interests at Omaha have attracted wide attention and interest.

Headed Swine Research

For many years he was in charge of swine research at the Nebraska Experiment Station and has a large number of publications to his credit.

"Prof. Loeffel has contributed in many ways to the welfare of the college and to the Department of Animal Husbandry," said Dean W. V. Lambert. "Under his guidance the Department has grown and has done much for the betterment of agriculture in Nebraska. His choice by the students to receive the annual Block and Bridle Club award is a fitting tribute to his endeavors to improve teaching and research activities of the Department."

Mrs. Loeffel is the former children: William C. Jr., of Chicago, Ill.; Dr. Edwin J. of Mitchell, Nebr.; and Dr. Frank A. of Lexington, Ky.

Plane Wreckage Carrying Henry Rancher Found?

Honolulu (AP)—Navy salvage experts Thursday studied weathered wreckage found on Maun Island to determine if it was from a chartered plane which vanished April 17, 1954, with 5 persons aboard.

Two of the passengers were mainland ranchers, George

Nebraska News

M. Heinz, Henry, Neb., and John E. Rice, Sheridan, Wyo. Others were Hawaiian residents.

An Army land search team tried to scale a 3,000-foot cliff to obtain more wreckage for better identification but a week-long effort failed. The wreckage in Navy hands was picked up on a valley floor last month.

The Navy is undecided whether to make an attempt to reach the site. The area frequently is socked in by fog.

The Civil Aeronautics Administration also is checking.

There have been 4 cases of disappearing aircraft in the islands since 1952.

Relatives Meet Travel Weary Youngsters

...Children Rode Bus From Nebraska To Chicago

Chicago (AP) — Two weary, sniffling children who didn't know where they were going during a 15-hour trip they made alone from Nebraska to Chicago were met by relatives from Kentucky Thursday.

The children, Earl Prather, 6, and his sister, Sandra, 4, were met at a Chicago bus terminal Wednesday by a casework supervisor of the Travelers Aid Society. The bus company called in the Travelers Aid after receiving a telephone call that the children were on the bus.

Earl had a temperature of 102 degrees. Sandra was sniffling. They had fried chicken in a food box but most of it had been consumed. The children didn't know their destination, but Earl had a half ticket to Lexington, Ky.

The supervisor, Mrs. Asa Sternfeldt, took the children to a hotel where a doctor attended them and spent the night with them. Then they were placed temporarily in a foster home while the Travelers Aid investigated.

A spokesman for Travelers Aid said investigation showed that the children had been living temporarily with a half-sister, Mrs. Shirley Jean Bailey, of Dix, Neb., since their mother entered a hospital in Springfield, O.

Their father, Elmo, got a job in Lexington, Ky., and the children were en route there to make their home with an aunt and uncle, Mr. and Mrs. Paul Robinson, who operate a truck stop restaurant.

The Robinsons said they sent Mrs. Bailey money for the bus tickets to Lexington and had assumed she would accompany them.

The Robinsons arrived in Chicago in response to a telephone call Mrs. Bailey made to her father, informing him the children were traveling alone.

Story Succeeds Welch In Arnold School Post

Arnold, Neb. (AP) — Alvin Story, superintendent of the Thomas County High School at Thedford, has been named superintendent of the Arnold High School succeeding Jack Welch. Welch has been superintendent for the last 6 years.

Cattle Feeding 27% Over '57

Inshipments Due To Good Feed Supply

The State-Federal Division of Agricultural Statistics reported Thursday that the number of Nebraska cattle on grain feed as of Apr. 1 is estimated at 613,000 head, or 27% more than the 483,000 head on feed a year ago.

For the first time on record, the Apr. 1 number on feed exceeded the inventory for Jan. 1, the division said, adding that the marked increase was mostly due to a heavy placement of cattle into feed lots by farmer feeders.

Commercial feeding was on a lower level than on Jan. 1 this year, and marketings of Nebraska fed cattle during the first quarter of the year were down about 4% compared with a year earlier.

During the past quarter, feeders placed 363,000 cattle in feed lots compared with 229,000 during the same period in 1957. Shipments of stock and feeder cattle and calves into Nebraska during the January to March period were 56% larger than a year ago. Total shipments into the state since last October were 37% above the corresponding period a year earlier.

The division said the heavy inshipments and placements were a result of a plentiful supply of feed grains and an abundance of forage. Good prices for fat cattle also were influential.

The number of heavy cattle (over 1,000 pounds) on feed in Nebraska was 26% less than on Apr. 1 last year, and relatively few cattle had been on feed over 6 months. The Apr. 1 total was only 12,000 head compared with 29,000 last year.

With placements heavy in the first quarter, the division said the big increase was in cattle which had been on grain feed less than 3 months. This number was up 55%, while the number on feed over 3 months was up only 4%.

Nebraska News

Parts Of Nebraska May Get Rain

Showers are due Friday morning in extreme northern New England, eastern shores of Lake Erie and spreading generally southeastward from the northern Cascades. Cooler weather is expected in the Great Lakes region, Iowa and its adjacent areas. Warmer weather is forecast for North Dakota, northern Texas, North Carolina and Florida. **(AP Wirephoto Map)**

400 Expected At NPA Meet

Omaha (AP) — More than 400 Nebraska men and women will be in Omaha Friday and Saturday for the 84th convention of the Nebraska Press Assn.

At the opening business session Friday Ed Apking of Ord, president of the association, will name committees, including the nominating group to pick a slate of officers for balloting.

The program will include discussions by Terry Barton, general manager of the Audubon, Iowa, News-Guide; Melvin Goerz, publisher of the Henderson News, Nebraska's only offset printed newspaper; Art Hendrickson, publisher of the Western Nebraska Observer at Kimball; Dr. William Alexander, pastor of the First Christian Church of Oklahoma City; Bill Lee of Ord and A. H. Henningsen, publisher of the Omaha Daily Record.

Edward McFaul, Chicago humorist, will speak at a Friday morning breakfast and Murray Moler, regional representative of the United Press, will address a breakfast Saturday, after which the convention will adjourn.

The Nebraska Women's Press Club will meet Friday.

Speakers will include Mrs. W. J. Ritter of Creston, president of the club; Mrs. Edith Skinner, Herman; and Miss Ruth Crone, Beatrice. Mrs. Velma Price, Newman Grove; Mrs. Shirley Bogue, Oakland, and Mrs. Fae Montgomery, Morrill, will participate in a panel discussion on "What Panics Publishers."

Johnson Elected

Verdigre, Neb. — J. F. Johnson, head of the Royal public schools, has been elected superintendent at Verdigre for the coming year. A graduate of Wayne State Teachers College, Johnson, 31, has a master's degree from the University of Nebraska. He and his wife have 7 children.

District Talent Winners Named In Lions Contest

Palmyra, Neb.—Winners of the District 38-A Lions Club amateur talent contest were selected here. Those taking top place were:

Junior Division—Susan, Sally and Tom Schultz, trio. Sponsored by the Havelock Lions Club.

Intermediate Division—Ardis Ventura, baton twirling. Sponsored by the Crete Lions Club.

Senior Division—Jane Cumming, humorous reading. Sponsored by the Bethany Lions Club.

The 2nd place winner in the senior division, plus the 3 winners are eligible to compete in the state finals at Hastings, May 25, during the Nebraska Lions Club convention.

Frank Sorrell of the Syracuse Lions Club served as master of ceremonies at the Palmyra event. About 250 persons attended.

Brokaws Aided

Norfolk, Neb. — Friends and neighbors of Mr. and Mrs. Leslie Brokaw, who lost 2 children in a 2-car accident have started collecting a fund to help them pay hospital and other expenes. Mrs. Brokaw and 3 children are still hospitalized.

Science Courses For 7th, 8th Graders Planned At Holdrege

Holdrege, Neb. (AP)—A science program for seventh and eighth grades and a compulsory physical education program for kindergarten through the 10th grade have been adopted by the Holdrege board of education.

The science courses will be offered to a part of the students, with the selections to be made on the basis of reading and aptitude tests to determine interest and ability. Other students can still begin science in the ninth grade as is the case now.

Supt. H. F. Schroeder said that increased enrollment in the junior high school next year would make it necessary to have an additional teacher and that the extra science course could be provided by reshuffling schedules.

The physical education program has been under study for the past year. Robert Atwood, Lincoln elementary school principal, was head of a Holdrege school committee studying the plan.

Rev. Howard Called

Madison, Neb.—A call has been extended to the Rev. Robert Howard of Council Bluffs to become pastor of the Presbyterian Churches at Madison and Creston. He has served as pastor at Council Bluffs for 14 years.

O.P.S. PURE GROUND BEEF ..... LB. 49c

Stanton Delaplane's POSTCARD

The inventors go on and on. Patent No. 2,827,862 has been issued to a candy machine company in Racine, Wis. It was invented by Mr. William H. Genich, presumably out in the garage.

Great inventors work modestly, according to stories I have read. (Archimedes worked in a bathtub.)

Anyway, I guess Mr. Genich was puttering about the place when a good idea struck him:

"Who bends the crook handles onto candy canes?"

This is a poser. And I'm sure I don't know who did this delicate work. But I can tell you they are out of a job now. For Mr. Genich sat right down and invented a machine to bend the handle onto candy canes. They are bent while they are warm.

☆ ☆ ☆

When I was a youth, I lived next to an inventor. He worked on his back porch and today he is a millionaire. If I told you his name you would drop your hairpins—it was a hairpin he invented that made him rich.

At this time, however, he was not rich. He had invented a hot water bottle that did not leak. (Leaky hot water bottles were a problem when I was a boy. Who knows why?)

Anyway, Max—that was his first name—hung the water bottle on the back porch so they should see if it leaked. It hung there for days. Each day Mr. Max inspected it and was closer to fortune.

It hung and it hung and it did not leak a drop.

☆ ☆ ☆

It was too much for me. One day while having at the neighborhood cats with my Daisy air rifle, I looked up and saw the hot water bottle swaying there. I swear all I meant to do was AIM at it.

But, all of a sudden—POP! A little stream of water leaped from the inventor's hot water bottle. I can still hear the cry of Mrs. Max when she looked out the door:

"Max, Max! Mein Gott, the water bottle!"

I fled home and hid under a bed. Mr. Max gave up the water bottle thing. He got some wire and invented a hairpin. It was an enormous success. And the whole family moved to a richer part of town.

☆ ☆ ☆

A good many things are being invented at this very minute to help you. Like Mr. Genich's candy cane crooker.

Last year inventors patented: A wire snare that traps garfish — very important if you are bothered by garfish. A refrigerator door that holds a small radio. You reach for the milk. The radio gives you three bars of "Lollipop" and five minutes of commercial.

☆ ☆ ☆

Inventors also invented a spoon which butter comes off of without your having to lick it off. (I think this is a crime against children. If we cannot lick the cake pan what kind of world is this anyway?)

There is a mechanical owl. Inside the owl is a record: "Whoo, whoo!" Scares off other birds. Doctors invented a little radio pill. You swallow the pill and the medics pick up your broadcast on short wave.

You cannot beat such inventions as these — such a wonderful world to live in. Everything being invented for you. Candy canes crooked by machines. Dogs fed by their own pawing. Radios in the stomach and in the icebox.

McNaught Syndicate, Inc.

NU Dinner Will Honor 25-Year Employes

Five University of Nebraska employes who have served the University for 25 years will be honored at the annual University Employe Dinner to be held Wednesday, Apr. 23.

Those who will receive special service awards are: Mrs. Margaret Hawkins, buildings and grounds; Mrs. Anna Burtch, School of Agriculture dormitories; Mrs. Glenna Nicholson, University Hospital kitchen; Elmer Davis, building repair and maintenance; and Miss Marguerite Muir, home economics department.

Chancellor Clifford Hardin will make the presentation of awards, and Dr. Joseph Soshnik, comptroller, will be master of ceremonies.

The dinner will be held in the Student Union ballroom starting at 6:30.

Eat To Degrees

Fayetteville, Ark. (INS) — Six students at the University of Arkansas are eating their way through college. At least, they are drawing salaries for eating. The 6 are taking part in an experiment being conducted to determine the effect of linoleic acid on fat in the human bloodstream.

International Students

Logan, Utah (AP)—Students attending Utah State University represent 31 different nationalities. Iran, with 30 students, has the largest number of the 162 foreign students attending the university.

State Budget Simplification Sought

By Betty Person

The budget for Nebraska's state government will be easier to understand if a recommendation of the Legislative Committee on Cash Funds and Budgeting is adopted by the next session of the Legislature.

The Committee voted Thursday to recommend that the specific dollar amounts of the cash funds of various agencies be eliminated, and that such funds be designated instead as revolving funds in the biennial budget bill.

Committee members believe this will simplify the budget, and make it easier to understand what financing of state government is raised from property tax funds rather than the fees, assessments, and special taxes which make up the cash funds.

University Affected

The two biggest agencies of state government to be affected by this move would be the University of Nebraska and the 4 state normal colleges whose comparatively large cash funds come from such items as dormitory fees and auxiliary enterprises.

The fees derived from these sources are designed to sustain the services from which they are obtained, and the Committee said it would recommend that such funds are to be used for no other purpose than that for which they are collected.

This action was taken following a day-long meeting during which the Committee heard testimony from Gov. Victor Anderson, State Auditor Ray Johnson, State Tax Commissioner Fred Herrington, Banking Director J. F. McLain, Railway Commission Chairman Richard Larson, representatives of the University of Nebraska, and tax expert Robert Armstrong.

Gov. Anderson suggested to the committee that the state establish a comptroller's office to check on the needs and uses of state funds appropriated to state departments and agencies.

The creation of such an office "which should be given some real power" would do much to "get the most out of the tax dollar," the governor said.

Herrington, who also is the state's budget director, told the committee that giving him jurisdiction over those state salaries not established by the constitution had already started a move toward central control.

University of Nebraska representatives Dr. Adam Breckenridge and Comptroller Joe Soshnik expressed enthusiasm for the proposal that their cash auxiliary funds be separated from tax fund requirements in future budgets.

Allies Must Get Atomic Secrets, Dulles Warns

Washington (AP) — Secretary of State Dulles testified Thursday Russia will dominate Europe and Asia and lose interest in disarmament unless U. S. atomic secrets are more freely shared with this country's allies.

Dulles made his prediction to members of the Senate-House Joint Atomic Energy Committee at the Capitol.

St. Elizabeth Wages War On Weeds

St. Elizabeth's Hospital is fighting the battle of the nimble weed, Don Duncan, assistant administrator of the hospital, said Thursday.

Grounds around the hospital are being plowed and reseeded, he said, in an attempt to get rid of the weed. The job will be completed when the weeds are all gone, which may take about 2 years, Duncan said.

Speedup Asked On Caril Fugate Appeal

Attorney General C. S. Beck Thursday asked the State Supreme Court to speed up a hearing on determination of whether Caril Ann Fugate shall be tried for murder in Lancaster District Court or in Juvenile Court.

The motion for advancement from the Attorney General's office was filed by Clarence A. H. Meyer, deputy attorney general, who asked that the appeal be heard during the high tribunal's June session.

John McArthur, court-appointed attorney for the 14-year-old Caril who has been charged with 2 counts of murder, is seeking to have her case transferred to Juvenile Court.

Both the Lancaster County Court, and Lancaster District Court, have refused the transfer, maintaining that her case should be heard in District Court.

McArthur then filed an appeal with the Supreme Court from these rulings naming County Judge Herbert A. Ronin as defendant.

The motion for advancement will be submitted to the Supreme Court Tuesday at 10 a.m. No oral arguments will be allowed.

McArthur has until June 10 to file his brief on the appeal from the lower court's decision, and the state would have 30 days in which to file an answer brief.

Meyer said in the motion Thursday that the state would submit its brief in a 10-day period.

HINKY DINKY

The Star In Suburbia

To Be A June Bride

MISS MARY LOU HORCHEM

Mr. and Mrs. Willard Horchem of Ransom, Kan., make announcement this morning of the engagement and approaching marriage of their daughter, Mary Lou, to Byron James Willour, son of Mr. and Mrs. Clyde Willour, also of Ransom.

Miss Horchem, who is attending the University, is a member of Kappa Kappa Gamma sorority. Mr. Willour is a senior in the college of architecture at the University of Kansas at Lawrence, where he is a member of Kappa Sigma fraternity.

The wedding will be an event of Saturday evening, June 7, and the ceremony will be solemnized at the First Methodist Church in Ransom.

Election

The Lincoln Teacher's Association has elected new officers for the coming year. Henry Goebel was re-elected as president, vice president is Mrs. Elizabeth Hunt, secretary, Miss Ruth Eickman, treasurer, Miss Mildred E. Carlson, and trustee, John Sipma.

The eight delegates chosen are Miss Mildred Waide, R. L. Fredstrom, Mrs. Nell Furman, Miss Berta Dean, Merlin Walters, Carl Heinz, Mrs. Mary Claire Cox and Harold Lantz.

Courtesy parties, vacationers, out-of-town guests and news of an addition to the bassinet set are topics to be previewed during our verbal trek through South Hills and Kessler Heights this morning.

SOUTH HILLS

As we recall an item from last week's suburbia news—(it had to do with a new member to the pink and blue clan, Miss Becky Ann Hoch, daughter of Mr. and Mrs. Don Hoch)—it is interesting to note that the little Miss is a South Hills birthday twin to Miss Cindy Lou Adams who also made her appearance on Saturday, April 5, at Lincoln General Hospital. Cindy, who has one sister, Suzanne, is the daughter of Mr. and Mrs. Brandon Adams.

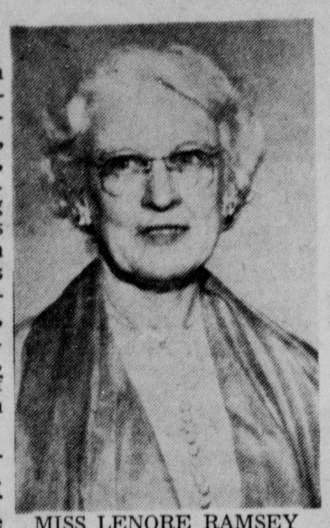

Cindy's paternal grandparents are Mr. and Mrs. T. E. Adams of Beatrice and her maternal grandparents are Mr. and Mrs. O. E. Daggett of Taylorville, Ill.

There was a farewell party held last Tuesday evening at the home of Maj. and Mrs. W. T. Minor in courtesy to Miss Jacqueline White, daughter of the Rev. and Mrs. J. A. White, who will leave next Wednesday to reside in Tucson, Ariz. Mr. and Mrs. Minor's son, Breck, was in charge of the no-host affair and included among the guests were 16 teen-agers who are members of Mrs. Minor's Sunday school class at the First Church of the Nazarene.

Mention of the Minors reminds us that they will be entertaining an out-of-town guest this week end — Mrs. Oscar Pirtle of Ames, Ia., who has been a visitor this week at the home of the Rev. and Mrs. C. R. Mattison.

Mrs. Minor also told us that she and her family recently returned from an enjoyable vacation. During their two-week excursion the threesome visited Maj. and Mrs. Minor's brother-in-law and sister, Mr. and Mrs. Paul Barlow in Dallas, Tex., his mother, Mrs. Mattie M. Minor in Oklahoma City, Okla., and Mr. and Mrs. J. A. Dunkle in Shreveport, La.

AAUW Convention

MISS LENORE RAMSEY

The 28th annual convention of the Nebraska Division, American Association of University Women, will open at the Hotel Clarke in Hastings next Thursday evening when the state officers and board members will meet at 7:30 o'clock.

Miss Lenore P. Ramsey of Wayne, state president, will preside at the business sessions, and Mrs. Leonard Campbell, Norfolk, past state president, will moderate a series of workshops, "Progress in Action", on Friday morning.

The workshops will be conducted by state chairmen including Mrs. Ralph Cole, Holdrege, Mrs. Milo Korinek, Wilber, Mrs. Charlie Dunn, Fremont, Mrs. William Drake, Omaha, Mrs. Roy Batie, Lexington, Miss Minnie Zuehlke, Grand Island, Mrs. J. T. Turner, Hastings, Mrs. Paul Morrison, Mitchell, and Mrs. Clifford Hicks, Lincoln.

The Friday noon luncheon will honor past state presidents, and a program highlight Friday afternoon will be a concert by the Hastings College Conservatory students.

A talk by Dr. Blanche H. Dow, president of Cottey College, Nevada, Mo., and a pageant by the Hastings AAUW will follow the evening banquet on Friday.

Mrs. Clifford Hicks of Lincoln, state legislative program chairman, will moderate a panel Saturday morning and participating will be Mrs. Paul Morrison, Mitchell; Dr. Blanche Dow; Mrs. Leonard Campbell, Norfolk; and Miss Lucile Ledwith, Lincoln.

Luncheon and installation of officers will conclude the convention program Saturday noon.

BRIDES

In pre-nuptial dinner courtesy to Miss Sandra Finkel whose marriage to Ronald Richards will be an event of Sunday, April 20, the bridegroom-elect's parents, Mr. and Mrs. David Richards, will entertain at the Italian Village on Saturday. Fifty guests have been invited for the evening.

Mr. and Mrs. Richards and their son arrived in Lincoln on Thursday from their home in Indianapolis, Ind.

On Friday, April 18, Miss Shirley Weideman and her fiance, Richard E. Harbaugh, will be honored at a prenuptial dinner given by Mr. Harbaugh's parents, Mr. and Mrs. Joe Harbaugh. The affair will be held at the Harbaugh home, and 20 guests, including members of the family and wedding party, will be present.

The marriage of Miss Weideman and Mr. Harbaugh will be solemnized on Sunday at the Salem Congregational Church.

KESSLER HEIGHTS

Heard by way of the grapevine that Mrs. Gordon Fergot and her small son, Jeff, returned on Thursday morning from a trip to Wausa, Wis. The twosome visited for three weeks at the home of Mrs. Fergot's parents, Mr. and Mrs. Lawrence St. Mary.

It will be next Tuesday evening when the members of the Holly Road bridge club will have as their hostess Mrs. John Minick. A dessert supper will be served to the eight ladies who will be on hand for their regular social get-together.

A hostess this evening will be Mrs. Harold Simmerman who will compliment her sister-in-law, Mrs. Chris Lyberis, at a pink and blue shower. The event will be a dessert supper and informal evening visit and included among the guests will be Mrs. Robert Donahoo, Mrs. William Lyberis, Mrs. George Lyberis, Mrs. Elmer Craven, Mrs. Don Stewart, Mrs. C. A. Nichols, Mrs. T. J. McManus, Mrs. Leonard Karnopp, Mrs. Stan Johnson and Mrs. Helen Knudtson of Bloomfield.

Voters Delegates

Leaving this week end to attend the national convention of the League of Women Voters at Atlantic City April 21 to 25, will be (from the left) Mrs. Dewey Gruenhagen, president of the Nebraska league; Mrs. Michael Boosalis, president of the Lincoln league; and Mrs. Roland Mueller, all of Lincoln.

Each delegation from the 48 states, Alaska and Hawaii has fashioned a hat representing its state's contribution to foreign trade to be modeled at the convention "We Use Our Heads For Trade" contest.

The Nebraska "chapeau", held by Mrs. Boosalis, is of straw trimmed with wheat, sorghum, popcorn and beans, and highlighting the crown is a miniature motor scooter and a tiny steer representing the cattle industry in the state.

MADAM CHAIRMAN

Nebraska District YWCA, all day at the YW.

AFTERNOON

Naval and Marine Officers Wives Club, 12:30 o'clock luncheon at the Inter-Com Club.

Camp Fire Girls council board, noon at the University Club.

Crete-Lincoln Club, 12:30 o'clock luncheon at the home of Mrs. A. W. Rolland, 2017 Washington.

Outlook Club, 1 o'clock luncheon at the home of Mrs. Arthur G. George, 1310 Idylwild.

EVENING

Acacia Alliance, 7:30 o'clock dessert supper at the chapter house.

Havelock PTA Fun Night, 5:30 o'clock at the school.

Golf Season Opens at Pioneers

The opening of the golf season for the Pioneers Golf Club was made official on Thursday when the feminine golfers held their first ladies' day in 1958.

Play started at 9 o'clock in the morning, but the officers of the Pioneers Golf Women's group, and members of the board graciously postponed their activities on the course long enough to pose for a picture.

In the front row, left to right, are Mrs. Carl Botsford, president; Mrs. John E. Brown, secretary; Mrs. Bill Miller, vice-president, and Mrs. D. R. Blazek, member of the board.

Standing, left to right, are Mrs. Harvey Kaufman, a member of the board; Mrs. Olga Olson, treasurer, and Mrs. Selma Merriam, also a board member.

THIRD FLOOR OF SUMMER FASHIONS

Dear Abby . . .

Start Traveling, Brother

Abigail Van Buren

DEAR ABBY: I am well traveled and I have concluded that the Arabians have the right system. A man should be entitled to have as many wives as he can afford. When is the rest of the world going to wake up and realize this is the only intelligent way to live?

WELL-TRAVELED

DEAR WELL: I have wonderful news for you. A plane can get you to any point in Arabia in approximately 26 hours. Fly now and pay later.

☆ ☆ ☆

DEAR ABBY: My first husband and I agreed to disagree four years ago. I took the two kids, naturally. He married a woman who looks like a lady-wrestler and I think she's off her rocker she is so jealous of him. He comes on Sunday to see the kids and this lady-wrestler sits out there in the car while he comes inside. She isn't ashamed to look through a pair of binoculars into my front window (from the car). If he spends more than the agreed hour in the house she sits on the horn. Now, tell me, do I have a right to complain?

CHICKIE

DEAR CHICKIE: Your ex-husband's present wife is HIS problem — not yours. If she behaves in the manner described by you I think you are lucky she sits in the car (binoculars and all!)

☆ ☆ ☆

DEAR ABBY: In the process of housecleaning I came across a sex education book in the bedroom of my 14-year-old daughter. Personally, I think it is beyond her. My question is: "Should I mention it to her or should I just toss it out and forget it?"

WORRIED MOM

Dear MOM: Do not toss it out. Tell your daughter you are delighted that she is interested in learning about the subject (in the right way) and sit down and read it with her to be sure she understands it.

☆ ☆ ☆

CONFIDENTIAL To B.B.: I knew you could do it. After shedding 30 pounds you are your old "sylph" again. Congratulations!

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

Will Hold Reception

To celebrate the dedication of the new Vine Congregational Church on Sunday, Dr. and Mrs. Byron Tullis and Mrs. Wilson Field will hold open house beginning at 8 o'clock, on Saturday evening at the home of Dr. and Mrs. Tullis, 6001 Sumner St., to honor Dr. Ervin Ingles, minister of Vine Congregational Church, and Mrs. Ingles.

NFWC Provides Loan Fund

New officers of the Nebraska Federation of Wome'n's Clubs, installed Wednesday afternoon at the close of the state convention included (in front, from the left) Mrs. G. A. Butts of Burwell, second vice president; Mrs. E. J. Huntemer, Grand Island, first vice president; and Mrs. P. O. Marvell, Giltner, president.

In the second row (left to right) are Mrs. Francis Moles, Seward, director of juniors; Mrs. Walter Kirchhefer, Sutton, treasurer; Mrs. George Mechling, Lincoln, third vice president; and Mrs. John Coffey, Fremont, secretary.

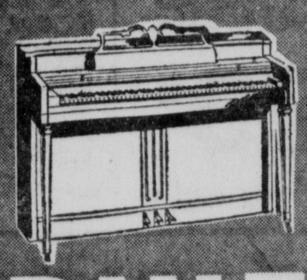

During the convention, the federation passed three resolutions: setting up a $1,000 student loan fund through the University of Nebraska Foundation; sponsoring a governor's proclamation to observe "teachers day" during National Education Week; and working for more driver education in the public schools and for driver education clinics for adults.

Long-Range Municipal Water Planning Urged

"Let's quit this 'crisis living' in municipal water planning and management," Fred Merryfield, president of the American Water Works Association said Thursday in Lincoln.

He addressed the Nebraska Chapter of the AWWA and the Utilities Section of the League of Nebraska Municipalities holding a 3-day conference at the Cornhusker Hotel.

He urged that water utilities be given their "rightful place" with long-range planning, improved management, and better information to the public.

"The polluting of raw water supplies is steadily getting worse," he said, "and the pro worse," he said, "and the processing required of municipal water works is practically the manufacture of a new product."

"The public should be informed of these facts so it does not regard increases in water charges in the same category as increased taxes," he added.

During Thursday's session, the Nebraska Section named William Sommers of Fremont, chairman; Emil Wagener, Omaha, vice chairman, and Rupert C. Ott Jr., Columbus, secretary-treasurer.

George H. Beard, Omaha, immediate past president, and Bert Gurney, Omaha, are directors.

The Utilities Section elected E. W. Jensen, Emerson, chairman; Karl M. Joens, Omaha, Wurst, Lincoln secretary-treasurer.

Elected to the executive committee were Art Bentler, Holdrege, George Harrison, Seward, and R. W. Andrews, Alliance, immediate past president.

The two groups wind up their annual spring conference Friday noon. Speakers scheduled include Lowell W. Edward of Wahoo, George Miller of Beatrice, C. L. Eberly of Omaha, and Vincent Dreezen of the University of Nebraska conservation and survey division.

Approximately 200 persons are registered for the conference.

U.S. Has Spectator Society, Chicago Minister Claims

...Dr. Goff Wesleyan Dinner Speaker

"American society is tending to become a society of spectators rather than a society of participants," according to Dr. Charles R. Goff, pastor of Chicago's famed down-town Methodist Temple, and oftened referred to as the "Shepherd of the Loop."

Dr. Goff, speaking before more than 300 persons at a banquet honoring Wesleyan President Vance D. Rogers Thursday night, said, "Great throngs of people look at athletic contests, but only a few play."

The banquet, sponsored by the Wesleyan board of trustees, initiated a heavy schedule of activity which will continue through Friday afternoon, and end as Dr. Rogers is inaugurated as the 13th president of the school.

Most 'Just Watch'

"We have developed a tendency to let specialists perform while a vast majority of people just watch," Dr. Goff said.

"But," he said, "in some things, we have to be spectators. Not all can participate in the technical sciences such as atomic and medical research.

"There are also some areas where we should be spectators. But the hub of the whole thing is that if we never participate in any phase of life, we become frustrated.

"The great fields of thought, politics, education and the like all die if there is not active participation by many."

8 Groups Greet Rogers

The Rev. Dr. E. Wesley of Omaha presided over the dinner which saw greetings carried to Wesleyan and her new president by representatives of 8 groups.

Members of these groups were: Edward Hoyt, representing the state of Nebraska; Bennett S. Martin, mayor of Lincoln; Bishop H. Bascom Watts, clergy; Miles H. Barnard, Methodist laymen; Chancellor Clifford Hardin, University of Nebraska; Harold F. Hoppe, Lincoln Chamber of Commerce; Dr. R. L. Fredstrom, Lincoln public schools; Dr. Dwight Loder, colleges Dr. Rogers had attended; and the Rev. Dr. L. R. Davis, who served as chaplain for the affair.

Dr. Goff earlier told a Thursday Wesleyan student convocation, "Even wisdom is not enough to insure the achivement of Christian character." He said the ancient Greeks made this mistake, and advised the students, "Wisdom plus Christian character can produce creative living."

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you. Yesterday's Answer

DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L D A A X B
is L O N G F E L L O W

One letter simply stands for another, in this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

W S T J N W C ' H V Y Z D H H V X R L K W S ' C X L, W S T S L Q L G K D Y L H C D Z W H J — K D R Y W S.

Yesterday's Cryptoquote: CAN I SEE ANOTHER'S GRIEF, AND NOT SEEK FOR KIND RELIEF?—BLAKE.

Thoughtless Wins Race Inaugural

Lincoln Star Special

Grand Island—Thoughtless, with jockey John Garroutte up, won the Fonner Park Inaugural handicap here Thursday to highlight the opening day of the 1958 Nebraska racing season.

Thoughtless outran Open Range, which finished second and show horse Borego to win in 1:46 3-5 over the mile and 70 yards distance.

The biggest payoff of the first day came in the sixth race where Illinois Boy paid $18.60 to win and Red Randy ran second, paying back $42.60 and $16.80.

(Friday's entries on Sports Page 23).

Thursday's results:

First race, purse $600, Nebraska bred, claiming, 4-year olds and up, 5½ furlongs. Time—1:09 2/5.

Royal Nod (Woods)	12.60	6.00	4.00
Classic Star (Kloss)		4.60	4.00
Cats Time (Quinn)			7.00

Also ran — Deep Mud, Tea Napkin, Went Wide, Doc's Kitty.

Second race, purse $600, claiming, 4-year-olds and up, 6½ furlongs. Time—1:22.

My Rode (Kloss)	12.80	6.60	5.00
Court E (Bates)		7.40	4.80
Nebraska Gray (Wilson)			8.40

Also ran—Specialia, Shifting In, Blue Sketch, Banker Bill, Sir Tim, Ten Shifter, Worth.

Daily Double paid $87.40.

Third race, purse $600, claiming, 4-year-olds and up, 6½ furlongs. Time—1:21 1/5.

Hopeido (Correa)	20.60	7.00	4.80
Walt H (Kloss)		3.40	3.00
Hot Chocolate (Baca)			4.80

Also ran—Kin Bar, Mally, Pads Time, Crafty Beau, Unceasing, Solid Blue, Crissie Jane.

Fourth race, purse $600, claiming, 3-year-olds, 6 furlongs. Time—1:16.

Land O Zeve (Kloss)	6.00	4.00	3.00
April Dunn (Wilson)	16.00	5.80	
Pap (Ecoffy)			4.20

Also ran—Mystery Kidd, Vale K, Indigo Star, Kay County John, Two In Front, Fritzine, Pestola.

Fifth race, purse $600, claiming, 4-year-olds, 5½ furlongs. Time—1:08 2/5.

Seabu (Quinn)	11.00	6.80	3.80
Flaxy Su (Ellison)		9.80	4.80
Callaway (Kloss)			2.80

Also ran—Owl Martin, Richy, Mae Green, Burts, My-T-Time.

Sixth race, purse $700, claiming, 4-year-olds and up, 6½ furlongs. Time—1:21 4/5.

Illinois Boy (Gaffglione)	18.60	8.40	4.80
Red Randy (Correa)	42.60	16.80	
Scomber (Garroutte)			6.20

Also ran—Gold Patch, Rusty Dream, Medina County, Witch-English, Doe Rabbit, Faster Bub, Thad.

Seventh race, purse $2,000, the Fonner Park Inaugural handicap, 3-year-old and up, mile and 70 yards. Time—1:46 4/5.

Thoughtless (Garroute)	7.20	4.20	3.20
Open Range (Quinn)		8.40	5.20
Borego (Stroud)			3.00

Also ran—At Bay, Knock Wood, High Morn, The Snapper.

Eighth race, purse $700, allowances, 4-year-olds and up, 5½ furlongs. Time—1:08.

Fleet Pep (Correa)	15.60	5.60	4.00
Shanty Red (Quinn)		5.60	4.20
Gallant Bid (Gaffglione)			4.00

Also ran — Linger Lady, Smark M. County Coby, Black Barker, Schnoz-Durante.

Pius Beats Uni High In Track Dual

Pius X team strength overshadowed a one-man show by University High's Bob Thoman and the Thunderbolts romped to an 81½ to 41½ victory in a dual track meet Thursday.

Thoman won both sprints, grabbed a second in the broad jump and tied for second in the pole vault to finish with 15 points, but it wasn't enough.

Pius won all but one field event copped seven of 10 track events, including all three relays, to win the meet handily.

Joe McWilliams, who took firsts in the pole vault and high jump and added a third in the 220, led Pius X with 11 points while Dave Higgins added nine with a first in the discus, a second in the 220 and third place in the 100.

Top surprise in the meet came in the shot put, where Pius ace Don Houser, a heavy favorite to win by a wide margin, was pressed by Uni's Uldis Levalds. Houser got off a 48-1⅛ throw while Levalds' best was 47-6¾.

The summaries:

100-yard dash—Won by Bob Thoman, Uni; 2—Don Houser, Pius; 3—Dave Higgins, Pius. T—:10.9.

220-yard dash—Won by Thoman; 2—Higgins; 3—Joe McWilliams, Pius. T—:23.9.

440-yard dash—Won by Bill Neal, Pius; 2—Jack Steers, Pius; 3—Jack Piper, Uni. T—:57.9.

880-yard run—Won by Mike Wieland, Pius; 2—Dennis Johnson, Uni; 3—Tom Fischer, Uni. T—2:17.5.

Mile run—Won by Mike Anderson, Pius; 2—Ted Hemple, Uni; 3— Leahiff, Pius. T—5:37.6.

120-yard high hurdles—Won by John Hartz Pius; 2—Gary Hoffman, Uni; 3—Don Schafer, Uni. T—:18.8.

180-yard low hurdles—Won by Bill Arnold, Uni; 2—Hartz; 3—Gary Brouillette, Pius. T—:23.3.

880-yard relay—Won by Pius X. T—1:40.5.

Mile relay—Won by Pius X. T—3:57.5.

2-mile relay—Won by Pius X. T—9:36.1.

Pole vault—Won by Joe McWilliams, Pius; 2—tie, Bruce Weeks and Thoman, Uni. H—9-6.

High jump—Won by McWilliams; 2—Norm Schafer, Uni; 3—tie, Hartz, Pius and Piper, Uni. H—5-2½.

Broad jump—Won by Dave Bauer, Uni; 2—Thoman, Uni; 3—Steers, Pius. D—17-11.

Shot put—Won by Houser, Pius; 2—Uldis Levalds, Uni; 3—Perry Demma, Pius. D—48-1⅛.

Discus—Won by Higgins, Pius; 2—Wieland, Pius; 3—Roser Vollstedt, Uni. D—117-9.

Wesleyan Beaten

Blair—Dana handed Wesleyan a 9-8 defeat in 11 innings here in a Nebraska College Conference baseball game.

Spring Training For Wesleyan Co-Eds

The warm weather is ideal for baseball—and these two Wesleyan co-eds make the most of it. Keeping in trim for the NWU Inter-Sorority Softball League are Sharon Hunt of Douglas and Elaine Wittig, Sidney. Both girls are members of the Delta Zeta team. (Star Photo)

POINT BLANK

* * *

By Don Bryant

Sports Editor, The Star

Jacksonville Beach, Fla. — There are going to be some unhappy baseball players this spring.

Many boys in the Pittsburgh organization—and probably most of the other farm systems—are going to be unemployed after the final cutdown dates.

Several things are affecting the situation. Most important, of course, is the fact that there are fewer leagues and teams. High operating costs are also forcing economies.

Unfortunately for some players, there are just too many boys in camp here. Only so many can be placed on a team. The boys who are left over will probably be released.

This situation is prompting some long meetings for the staff members in the Pirates' camp here. They can't afford to release a boy who may be a prospect.

Also, most of the boys here have received a bonus of variable size. If 60 players are released, and the average bonus per man was $4,000, it will mean some $240,000 is being tossed out the window.

That's one of the risks a farm system runs. But they're mighty careful when it comes to making decisions.

"We're trying to look a month ahead," one official said. "We've got to get some idea who will be on each club then and try to decide what should be done with the leftover players."

The players who are most seriously endangered with unemployment are the non-prospects who are not talented enough to help a higher club.

For example, the boy who is 25 and still ranks as a Class A question mark. He has played in B or C and might go in A, but he definitely is no major league prospect.

Chances are that boy will get his walking papers. Of course, once he's released he is free to hook on with another organization—if he can swing it.

Don't get the idea that the Pirates will keep only major league prospects. They realize that minor teams composed entirely of prospects can't win. Some old heads and steady minor leaguers are necessary for balance.

This weeding out will improve the caliber of minor league baseball. Only the best players will remain in the organizations. It may mean that semi-pro baseball will have a boom when the released players return to their homes.

One of Pittsburgh's most pressing needs at the moment, is a Double A farm club. As things stand, the Bucs have two Triple A teams and then drop to Lincoln.

If all the players who couldn't stick in Triple A were offered to the Chiefs, Lincoln would win the Western League flag by 40 games. But that won't happen—and it shouldn't.

There are many players who've had good years in Class A and deserve a promotion. But they're probably overmatched in Triple A. Since Pittsburgh doesn't have a Double A club, a problem arises.

It's usually resolved by placing the boy outside the organization a la Sam Miley and Dick Stuart last year. That way the player at least gets a chance for promotion.

Lincoln will get some help from Columbus and Salt Lake City, to be sure, but some of the players who flunk at that level will no doubt get an opportunity outside the Bucco system.

FISCHER ROMPS IN GRID DRILL

Pat Fischer, freshman speedster from Omaha Westside, highlighted the third Husker scrimmage of the week Thursday by breaking loose for a 60-yard touchdown gallop during Nebraska's third day of spring football practice.

The Cornhsukers Thursday worked both single wing and split-T plays in their hour-long scrimmage on Memorial Stadium sod.

An hour of individual drill preceded the scrimmage. Coach Bill Jennings said last week he planned "to hold at least two full-scale scrimmages a week," and the third scrimmage in as many days of practice gave evidence that the Nebraska head coach means business this spring.

Pioneer Gals Win Special Events

Elsie Carrier had the least strokes from tee to green for 18-hole players in a Pioneer Women's Golf Assn. ladies day Thursday.

Other winners were Shirley Wester, surprise event for 18 holes; Freda Harris, least strokes tee to green for 9 holes and Dolores Schultz, surprise event for 9 holes.

Islanders Win Central Neb. Crown

HOW THEY SCORED

Grand Island 47 1/6, Hastings 36⅔, North Platte 32½, Lincoln High 28½, Cambridge (Class C Champion) 13, Byron (class D champion) 12, Aurora (Class B champion) 10, Fairfield 10, Henderson 8½, Arapahoe 6, Davenport 5⅔, Doniphan 5, Franklin 4, Axtell 3, Orleans 2, Minden 1/6.

By Al Beebe

Hastings— Grand Island didn't come up with the top marks or stars, but had the depth to win the 45th annual Central Nebraska track meet here Thursday by more than 10 points over rival Hastings.

The Islanders, led by Roger Myers, garnered 47 1-6 points to 36 2-3 for Hastings. North Platte and Lincoln High trailed in the race.

Aurora won the Class B title, Cambridge, copped Class C, and Byron won Class D.

Meet honors were spread out. Hastings provided the high point man in Jack Osborne, who scored 19 points including a 6-½ high jump.

Hastings also came up with the best mark of the meet as big Ken Hinrichs tosed the shot 53-8¼, more than a foot more than the previous effort in the state.

No records were set in the meet, but the 880 and mile races turned in top individual competition.

In the 880, a duel was expected between Lincoln High's Joe Moore and Gordon Bainbridge of Grand Island. Both boxed in the pack most of the way, but Moore got to the outside and won in 2:03.3, with Norman Lewis of Arapahoe trailing by a yard. Bainbridge didn't have the stretch drive and took third, although he beat Moore a week ago.

In the mile, Ray Stevens of North Platte and Wendell Taben of Doniphan came out of the bunch to fight a driv-

GARDNER . . . 14 flat.

Gardner's Hurdle Mark 2nd Best In Nation This Year

Nebraska and the Big Eight scored heavily in the NCAA's listing of the leading outdoor track and field performers of the year announced Thursday.

The Huskers' Keith Gardner, bulwark of NU's track team, has the second-fastest 120-yard high hurdles clocking in the nation.

His :14.0, registered in the Houston Invitational, has been beaten only by Chuck Cobb of Stanford, who has been timed in :13.9.

Others Huskers making the list are Ken Pollard, who is tied for 7th in the pole vault with a 14-foot leap, and the 440 and 880-yard relay teams. The 440-team, composed of Tom Hodson, Don Phillipps, Keith Young and Gardner, is fifth in the nation with a :41.3 clocking.

The 880-yard team, which chalked up a 1:25.5 time, fourth best in the nation, is composed of Gardner, Dick Jahn, Hodson and Young.

Big Eight athletes who were high on the list included Al Oerter of Kansas, second in the shot (56-1) and first in the discus (202-6); Kansas, first in the four-mile relay; Ken Covert, Oklahoma State, second in the 220-yard dash (20.9); Dee Givens, Oklahoma, third in the 220 (:21.1); Covert, third in the 440-yard dash (:47.5); Gail Hodgson, Oklahoma, third in the mile (4:08.2); Eddie Dove, Colorado, first in the 220-yard low hurdles (:22.7); Boyd Dowler, Colorado, seventh in the high hurdles (:14.2); Oklahoma State's 880-yard relay team, first with a 1:22.9 clocking.

Nebraska's athletes, and other Big Eight standouts, will perform today and Saturday in the Kansas Relays at Lawrence. The Huskers left by bus for the meet Thursday afternoon.

Braves Shell Pittsburgh 6-1

Milwaukee (AP)—Ed Mathews belted his third and fourth home runs into the far but friendly reaches of County Stadium Thursday as the Milwaukee Braves whipped the Pittsburgh Pirates, 6-1.

World Series hero Lew Burdette took up on the mound practically where he left off last fall, although after five innings the Pirates were able to do what the Yankees couldn't do in their last 24 innings against him—score a run.

Mathews, once such a consistent right field hitter that other clubs played a shift on him, hit No. 3 into the right field bleachers for old time's sake. The first two, in Tuesday's opener, were over the center field barrier, but No. 4 went into left field. The two blows accounted for five of Milwaukee's runs.

Last season he didn't hit No. 4 until May 10, in the 20th game, on his way to a season total of 32.

Chiefs' Mound Staff Has 'Lefty' Look

By Don Bryant

Jacksonville Beach, Fla. — The 1958 Lincoln Chiefs' pitching staff is taking on a southpaw tinge as Manager Monty Basgall continues to tab players for the trip to Sherman Field.

After workouts Thursday, Basgall ticketed lefthander Dick Lines for the Chiefs' Monday airplane ride. He's the second lefty to join the Basgalls. Bill Dial earlier had won a berth.

Last year, Larry Shepard didn't have an effective lefty until Joe Gibbon came on midway in the season.

Earlier in the day, Basgall announced he had named pitchers Leon Hurst and Jack Sanford for his club.

Lines had an outstanding year as a rookie in 1957, leading the Midwest League in shutouts (4) and ERA (1.80.) With Clinton, he had a 12-5 record, fanned 110 in 145 innings and walked only 46.

Born in Montreal, Canada, Lines now lives in Hallandale, Fla. He's 19, stands 6-1 and weighs 170.

Sanford could be a key man in Lincoln's bid this summer. Last spring here at the Pittsburgh minor league camp Sanford had a place on the Columbus roster won. But he was sidelined with an arm injury and did not get to play in Triple A.

This spring Sanford has shown no trace of trouble from his injury he hopes to be able to have a good year in Class A and Basgall is counting heavily on his right-handed slants.

Hurst, another right-hander, has had an unimpressive record. But his work this spring earned him a chance with Lincoln. Last year he divided his time between Beaumont in the Big State League and Mexico City in the Class AA Mexican League.

Kubek Doesn't Show For Army Enlistment Plan

Milwaukee (AP)—Tony Kubek, star shortstop of the New York Yankees, failed to appear Thursday to be sworn in for six months Army reserve training.

Maj. Gerald J. Mulrine of the South Side Army Reserve Base announced several days ago that Kubek, whose home is in Milwaukee, had signed up for reserve training and had taken his physical examination. All that remained, the major said, was for Kubek to be sworn in. This was to have taken place Thursday.

Maj. Mulrine added, however, that the Army had no control over Kubek if the ballplayer changed his mind.

Cerv Homers But A's Lose

Cleveland (AP)—Mickey Vernon slammed a pinch double to right center with two out in the ninth inning Thursday, driving in two runs to give Cleveland a 3-2 victory over Kansas City's Athletics.

Vernon batted for Jim (Mudcat) Grant, the 22-year-old righthander who went the route with an eight-hitter in his major league debut. It was the Indains' first victory of the 1958 American League baseball season after a pair of opening losses to the A's.

Until Vernon's clutch hit it looked as if the big bat of Kansas City's Bob Cerv was going to be the deciding factor in a good pitching duel between Grant and Duke Maas.

Cerv put the A's in front, 2-1, with a homer over the left field fence in the sixth, and singled home a run in the first.

Roger Maris opened the Cleveland ninth with a single but was forced at second by Russ Nixon. Larry Doby then struck out pinch-hitting for Avila. Preston Ward followed with a single to center and Vernon drove home both runners with his timely double.

Kucks, Mantle Stop Red Sox

Boston (AP) — Johnny Kucks, supported by a Mickey Mantle homer and a Yogi Berra double, hurled New York to a seven-hit, 3-1 victory over the Boston Red Sox Thursday at Fenway Park.

Jackie Jensen got to Kucks in the ninth for his third home run in four games but the Yankee right-hander settled down after a Frank Malzone single to wrap up the decision.

Ted Williams made his first appearance of the season as a pinchhitter for Boston in the eighth inning and smashed a ground ball to the right side on which second baseman Bobby Richardson retired him.

Mixing his pitches smartly, Kucks had allowed only one runner to reach second base until Jensen's blast into the left field screen. Jimmy Piersall walked and stole second in the second inning where he was stranded.

Ex-Indian Peps White Sox Triumph

Chicago (AP) — Ex-Cleveland star Al Smith's first Chicago run production was a two-tally single which started the White Sox to a 4-3 triumph over the Detroit Tigers Thursday.

Although Early Wynn, another ex-Tribeman, was credited with the first White Sox triumph in three starts, he needed fine relief help from Gerry Staley.

Baltimore Blanks Washington 4-0

Baltimore (AP) — The Baltimore Orioles shut out Washington 4-0 on the three-hit pitching of young Milt Pappas and veteran Jack Harshman.

Gus Triandos led the Orioles' attack with his second homer and a double, and Brooks Robinson added a home run and a single.

Mile run—Won by Ray Stevens, North Platte; 2, Wendell Taben, Doniphan; 3, Dick Ripley, Lincoln; 4, Loren Westover, Grand Island; 5, Dallas Luthby, Aurora. T—4:45.5.

440—Won by Ken Hilton, Cambridge; 2, Larry Jones, Cambridge; 3, Dave Kindschuh, Axtell; 4, Leroy Weibe, Henderson; 5, tie, Larry Uhrmacher, Hastings, and Chick Meyers, Lincoln. T—54.1.

180 low hurdles—Won by Conger, Aurora; 2, Owens, Grand Island; 3, Osborne, Hastings; 4, Sebastian, North Platte; 5, Bob Eversoll, Grand Island. T—21.2.

220—Won by Zook, Fairfield; 2, Workman, North Platte; 3, Myers, Grand Island; 4, Allen Wenzert, Arapahoe; 5, Dick January, Hastings. T—23.9.

880—Won by Joe Moore, Lincoln; 2, Norman Lewis, Arapahoe; 3, Gordon Bainbridge, Grand Island; 4, Gary Peterson, Orleans; 5, Glenn Buller, Henderson. T—2:03.3.

Two-mile relay—Won by Hastings (Ivan Crandall, Jim Giddings, Dick Uhrich, Jim Jones); 2, Grand Island; 3, Aurora. T—9:09.8 (No points awarded).

880 relay—Won by Grand Island (Myers, George Billington, Bob Wagner, Owens); 2, North Platte; 3, Cambridge; 4, Hastings; 5, Lincoln. T—1:36.8.

Mile relay—Won by Grand Island (Tom Klostermeyer, Warren Lenz, Bainbridge, Westover); 2 Lincoln; 3, Hastings; 4, Henderson; 5, North Platte. T—3:42.6.

FIELD EVENTS

High Jump—Won by Jack Osborne, Hastings; 2, tie, Elvis Heinrichs, Henderson, and Juris Jesifers, Lincoln; 4, Jim Price, Grand Island; 5, tie among Bob Jacobsen, Minden, Ed Richards, Grand Island, Chuck Matzke, Hastings, Jerry Johnson, North Platte, Doug Glascock, North Platte, and Leon McLaughlin, Davenport. H—6-¼.

Discus throw—Won by Ivan Grupe, Byron; 2, Darryl Detlefsen, Davenport; 3, Larry Snyder, Lincoln; 4, Steve Hansen, Grand Island; 5, Warren Lenz, Grand Island. D—142-7⅝.

Shot put—Won by Ken Hinrichs, Hastings; 2, Les Dilly, Hastings; 3, Snyder, Lincoln; 4, Johnson, North Platte; 5, Grupe, Byron. D—53-8¼.

Broad jump—Won by Myers, Grand Island; 2, Osborne, Hastings; 3, Dittmer, Byron; 4, Gary McGill, North Platte; 5, Jim Carter, North Platte. D—20-10.

Pole vault—Won by Johnson, North Platte; 2, tie, Juris Jesifers, Lincoln and Iserhhagen, Davenport; 4, tie, Dave Hawkinson, Hastings, Don Bates, Grand Island, and Larry Creason, Doniphan. H—11-6.

Southwest Loop Title To Kearney

HOW THEY FINISHED

Kearney 62¾, Lexington 62, Cozad 50, Holdrege 22½, McCook 23, Gothenburg 20, Curtis 6.

Lincoln Star Special

Kearney — Kearney scored in every event except the 880-yard relay to edge Lexington for the championship in the Southwest Conference track and field meet here Thursday.

The meet saw four new conference marks and two 1958 state bests established.

Larry Patterson of Cozad ran the 880 in 2:02.1 to erase the old conference mark of 2:04.2 and also the state best of 2:03.6 this season.

Dan Nichols of Gothenburg, who won the 220 in :22.7, and Lexington's Marvin Blodgett, who vaulted 12-1, set the other conference records.

100—Steve Pfister, Lexington, :10.4; 220—Dan Nichols, Gothenburg, :22.7 (betters record of :23.3 set by Larry Kearney, Kearney, 1956); 440—Len Prescott, Kearney, :53.1; 880—Larry Patterson, Cozad, 2:02.1 (betters record of 2:04.2 set by Rich McVicker, Cozad, 1956); mile—Gary Fish, Cozad, 4:50.1; 120 HH—Steve Smith, Lexington, :15.8; 180 LH—Larry Seligman, McCook, :21.4; 880 relay—Lexington (Jim Ernst, Jerry Simmons, Steve Smith, Jerry Pfister), 1:34.9; mile relay—Cozad (Ron Ritterbush, Bob Marshall, Doug German, Larry Patterson), 3:39.4; two mile relay—Lexington (Jerry Yeutter, Dean Nelson, Phil Crowley, Dick Stuckey), 8:38.5 (betters old record of 8:50.4 set by Lexington, 1957).

Shot put—Dallas Dyer, Lexington, 47-0; discus—Roland Higgins, Kearney, 136-3½; high jump—tie among Larry Slack, Kearney, Hart St. John, Kearney and Jim Huge, Holdrege, 5-6½; broad jump—Dean Miller, Cozad, 20-½; pole vault—Marvin Blodgett, Lexington, 12-1 (betters old record of 12-¼ set by Harley Fox, Gothenburg, 1957).

Grand Island—Lockwood, 86; Curtis, 80; Kindley, 90. Total—256.

Sidney—Mangles, 90; Mallay, 96; Hougan, 96. Total—282.

MUSIAL SETS BASES MARK

(Continued From Page 21)

bie, Dave Hillman and Ed Mayer. Stan Musial of the Cardinals set a new National League record of 5,046 total bases with a home run and single.

Dale Long's sacrifice fly off Billy Muffett, after Walt Moryn and Bobby Thomson singled, drove in what proved to be the deciding marker in Chicago's second straight victory over the Cards.

The 37-year-old Musial, starting his 16th full season, cracked Mel Ott's record of 5,041 total bases with his solo homer in the fourth.

Valentine Relay Team Chalks Up Best Time

HOW THEY FINISHED

Valentine 76, Norfolk 72, Stuart 23, Bassett 13½, Mullen 12 5/6, Springview 12, O'Neill St. Mary 11, Crofton 10, Atkinson 7; Neligh 6, Butte 6, O'Neill 5, Fairfax 4, Plainview 2, Thomas County 2, Ewing 1.

Bassett — Valentine turned in by far the fastest two-mile relay time of the season here on its way to victory in the Sandhills Relays.

Valentine ran the distance relay in 8:29.7, smashing their own old meet record of 8:50.6 set in 1954. Valentine also broke the mile relay mark with a 3:41.1 clocking.

Norfolk, which finished second, bettered records in the sprint medley, 400 low hurdle shuttle relay, and 440 freshman relay. Springview's Larry Shepperd got the other new record with a 145-2¾ discus throw.

The winners:

High jump—tie, Marcellus, Bassett, Story, Thomas County and Humphrey, Mullen, 5-7½; discus—Shepperd, Springview, 145-2¾; pole vault—Focken, Atkinson, 10-2; shot put—Shepperd, Springview, 46-2; broad jump—Lee, Valentine, 19-6.

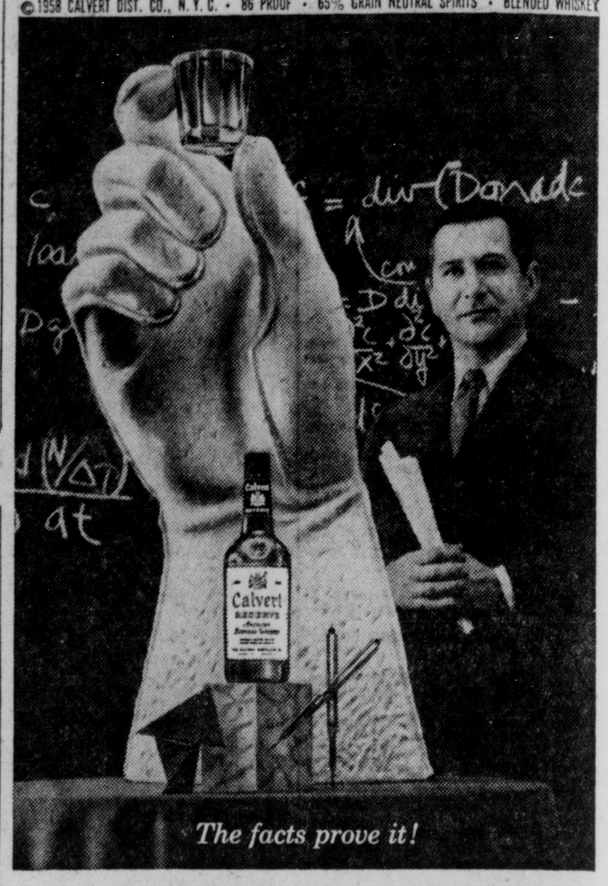

400 low hurdle shuttle relay—Norfolk, 51.3; 2-mile relay—Valentine, 8:29.7; sprint medley—Norfolk, 3:45.2; 440 relay—Norfolk, 46.0; 880 relay—Norfolk, 1:37.5; mile relay, Valentine, 3:41.1.

Ed Rowley Named LTC President

Ed Rowley has been elected president of the Lincoln Tennis Club for 1958.

Robert Crosby is vice-president, Dorothy Vestecka is secretary and Leslie Hewes is treasurer.

90,000 Will Watch Giants In LA Today

The Associated Press

Anything San Francisco can do Los Angeles figures it can do better, so more than 90,000 fans—an all-time record—are expected to cram into the Coliseum today for the home baseball debut of the transplanted Dodgers.

Thus, with second openers, the so-called national pastime goes truly national, played on a big league scale from the Atlantic Ocean to the Pacific.

The anticipated turnout in Los Angeles' mammoth arena, more famous for football and track events, probably will boost the second round attendance figures beyond the 259,108 of last Tuesday's full-scale debut.

At any rate, the swelling baseball crowds in all areas strike a blow at recession talk and indicate the slump has not noticeably affected the sports dollar.

Los Angeles will attempt to rival San Francisco in a pre-game hoop-de-la for its new baseball team. The reception and attendant ceremonies should be up to the highest tradition of the city which has thrived on such things.

Baseball Commissioner Ford Frick and National League President Warren Giles head the list of baseball dignitaries on hand. They may go unnoticed in the blinding luster of two-gun movie heroes and cinema queens.

The largest baseball crowd on record is the 86,288 which saw the fifth game of the Cleveland-Boston World Series in 1948. The National League record is 60,747, on hand for a New York Giants-Brooklyn Dodger doubleheader at the Polo Grounds May 31, 1937.

The American League's largest turnout is expected at Detroit where the Tigers, off to a fast start, play the Cleveland Indians. Billy Hoeft will pitch for the Tigers against Cleveland's Herb Score, who almost was blinded by a line drive a year ago.

CASE LEADS TEKAMAH IN COUNTY WIN

HOW THEY FINISHED

Tekamah 102½, Decatur 59, Lyons 40½, Oakland 13½, Craig 7½.

Tekamah—Phil Case won five events to lead Tekamah to an overwhelming victory in the Burt County track meet here.

Tekamah won 10 of 14 events to pile up 102½ points to easily outdistance runner-up Decatur, which had 59.

Case slammed the hurdles and weights and placed first in the high jump. He also took second in the high jump and ran a leg on the winning mile relay team.

Lonnie Brewer of Decatur was the only other double winner, copping first in the pole vault and 440. The event winners:

100—Fairbairn, T, :10.9; 220—Thatcher, L, :24.4; 440—Brewer, D, :56.8; 880—Christensen, T, 2:14; mile—White, T, 4:55.5; 60 HH—Case, T, :08.0; 100 LH—Case, :11.85; 880 relay—Tekamah, 1:42.7; mile relay—Tekamah, 3:48.5.

Pole vault—Brewer, D, 9-9; high jump—Case, 5-8¾; shot put—Case, 41-5; discuss—Case, 115-2¾; broad jump—Palmer, D, 19-5⅛.

NU NINE, I-S MEET

Ames, Ia. — Nebraska and defending Big Eight champion Iowa State open a three-game baseball series here today. Both teams have 1-2 conference records.

The teams will meet again Saturday in two 7-inning games. Nebraska Coach Tony Sharps has tabbed his leading pitcher Dwight Siebler, who has a 3-0 mark for the year, to start today's game.

Iowa State's pitcher today will be Gene Lafferty. Other Big Eight games this weekend are Kansas at Missouri for there and Kansas State at Colorado.

WAKE UP RARIN' TO GO

Without Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

MORROW MOTORS

2-5308 14th & M

CB&Q Granted Rate Change On Oil Products Shipments

The State Railway Commission authorized the Chicago, Burlington and Quincy Railroad to modify its shipping rates on petroleum and petroleum products transported throughout Nebraska.

The commission said the authorization permits the railroad to publish the new rates in the same unit, so and so much per gallon, as used by motor transport haulers.

The authority allows the railroad to charge the same per gallon transportation rates as charged by motor carriers up to and including shipments destined to points 75 miles from points of origin.

Shipments destined for points over 75 miles from stations of origin, will be charged on a basis of one mill per gallon less than prevailing motor carrier rates in Nebraska, the commission said.

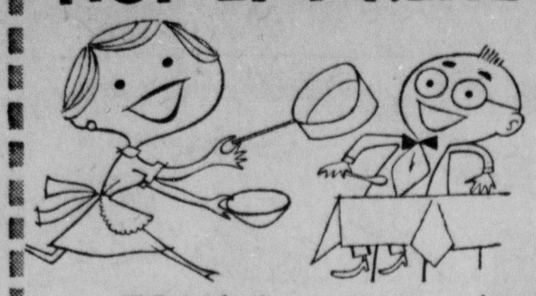

The order, taking effect Apr. 25, will involve some 350 Nebraska points.

The commission granted the Dempster Mill Manufacturing Co., Beatrice, authority to establish a 4th class shipping rate on agricultural implement parts, effective May 15.

The Dempster firm also won commission authority to reduce its shipping rates on some 20,000 iron and steel articles, effective May 15.

New High On Costs Predicted

Prices Climbing Despite U.S. Recession

Washington (AP)—Cost of living figures for March, due to be announced next week will show still another record high, experts predicted.

Despite the recession the prices of most things consumers buy—particularly important food items—kept right on going up.

In March, government officials said, food prices kept advancing, especially meat price.

The government cost-of-living index has gone up in 16 of the past 18 months. It has declined only once in the past 26 months.

It now costs close to $1.23 to buy what $1 purchased back in 1947-49. At the beginning of 1956, when the current living cost climb got started, it cost $1.18 to buy the 1947-49 dollar's worth.

Little Hope

And the keeper of the government's living cost data—Commissioner Ewan Clague of the Labor Department Statistics Bureau—sees little hope of any early or appreciable decline.

In a recent speech in Milwaukee, Clague indicated a possibility living costs may drop a bit in July. But he made no flat prediction.

He said spring marketing of hogs and cattle could moderate the rise in meat prices, and fruit-vegetable costs ought to come down when early summer supplies hit the markets.

Another major element of the living cost rise, other than food, is the cost of services. This covers such things as haircuts, street car fares, movie admissions, doctor and hospital costs, utility rates, etc.

Prices for such things change slowly, but once hiked usually stay there. Clague says it would take an all-out depression, probably, to bring them down.

Advancing

Another factor perhaps buoying prices despite slackened general business conditions is that wage rates still are advancing steadily. Many workers are putting in shorter hours these days because of recession-reduced production scheduling, and thus are earning less. But wage rates—the per hour labor cost—are advancing.

At least 4 million workers started out 1958 with pay boosts guaranteed under existing contracts. Unions and employer have also been negotiating pay raises for other groups of workers of about the same amount as received last year.

The predicted living cost increase next week will push the government index to a point that will give more than a million workers, most of them in the railroad industry, a raise of 2 to 3 cents an hour. Their wage rates are geared partly to living cost changes. The annual labor cost increase of this one adjustment alone will run to over 40 million dollars.

Belgium Votes June 1

Brussels (AP) — Belgium will have a general election June 1, Premier Achille Van Acker announced.

Teamsters Official Refuses Answers On $241,926 Payments

Washington (AP) — Senate probers were told it cost Local 107 of the Teamsters Union in Philadelphia $241,926.65 to have Ray Cohen as its secretary-treasurer from Jan. 1, 1954, to Sept. 18, 1957.

Called before the Senate Rackets Committee and asked for an accounting of his stewardship, Cohen refused to testify on the ground that he could not be forced to give evidence against himself.

Committee investigators had just testified that Cohen, after gaining control of the local in 1954, had voted substantial retroactive payments to himself and his attorney, Thomas D. McBride, now the Democratic attorney general of Pennsylvania.

Members of the committee tried in vain to find out how $250,000 in union funds was disbursed during Cohen's tenure in office.

Invokes Fifth

"Did some of the money go to you personally?" asked Robert F. Kennedy, committee counsel.

It was at this point that Cohen invoked the Fifth Amendment, which protects persons against selfincrimination.

"I think you should resign," Sen. John Kennedy (DMass) told him. "I don't think you are fit to lead a union."

"I don't intend to be sarcastic," Cohen growled back, "but that is a matter of opinion."

He said Local 107 is holding a membership meeting next Sunday and he invited Sen. Kennedy "to come up and talk to our membership and let them decide whether I should resign."

Cohen cited the Fifth Amendment again when asked whether financial records of Local 107 submitted to the international union are accurate.

"You mean that you make reports you won't testify to as accurate?" asked chairman McClellan (DArk). "What good are false reports for honest purposes?"

21 Refusals

Again Cohen declined to answer. He refused to answer 21 questions in all before the hearing recessed for the day.

The $241,926.65 price tag was put on Cohen by investigators John Flannagan and Ralph Decarlos. A printed analysis of the figures they culled from the union's books said the total did not include any kickbacks or hidden payments that Cohen might have received.

Flanagan said that after Cohen took office in June 1954 he arranged a 6 months retroactive payment of $7,500 to McBride, who then headed the Philadelphia law firm which is representing Cohen, the union and numerous union members at the Senate inquiry.

Chicago Temperature Hits Record For Date

Chicago (INS) — The highest temperature ever recorded for this date in Chicago was reached Thursday when the mercury climbed to 84.

Iowa Girl Heads Phi Sigma Iota

Ardys Deichmann of Marcus, Ia., has been elected president of Phi Sigma Iota, national romance language honorary society, at the University of Nebraska.

Other officers are: Marion Wright of Lincoln, vice president; Arnold Ulner of Lincoln, secretary treasurer; and Dr. Boyd Carter, professor of romance languages, corresponding secretary.

Those eligible for membership are juniors, seniors and graduates with high scholastic ranking.

Equity Council's Tax Plan Meets 'Enthusiasm'

Nebraska Tax Equity Council officials reported "general enthusiasm" has greeted its petition drive for a constitutional amendment aimed at broadening Nebraska's tax base.

Work explaining the Council's position and its petition campaign which is to be concentrated during the last week of April and the first weekend of May has been primarily undertaken with local steering units throughout the state, Secretary Donald Kline of Lincoln said.

The Council is headed by Sen. Norman Otto of Kearney.

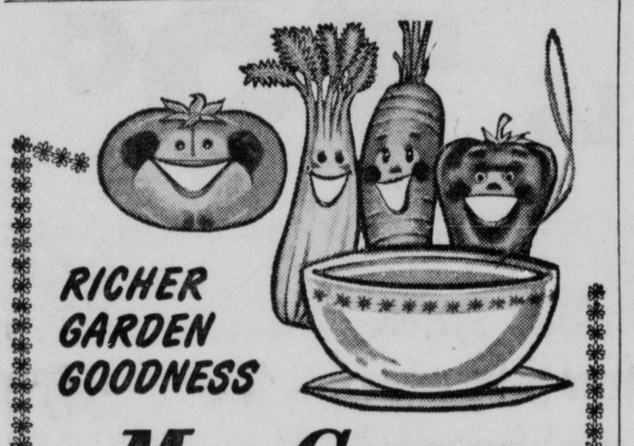

Speech, Hearing Clinic Being Held In Hastings

Faculty members and students of the University of Nebraska Speech and Hearing Clinic are conducting a 2-day speech-hearing evaluation clinic in the Hastings Public Schools in cooperation with the State Department of Education. Approximately 200 children between about 5 and 16 are being tested.

NU To Host Elementary Principals

About 150 principals are expected to attend the annual conference of Nebraska State Elementary Principals, Friday and Saturday at the University of Nebraska.

"In-Service Growth For Principals" will be the theme of the conference.

Dr. George Hayward, assistant superintendent of schools at East Orange, N.J., will give the principal speech at 10 a.m. in the Student Union on "Developing Trends in In-Service Programs."

He also will deliver the banquet speech Friday evening on "The Elementary Principal and the Superintendent."

At 11 a.m., progress reports will be given by Millard Grell of Beatrice: Marie Kavan of Omaha; Martin Mahula of North Platte; Marjorie Eisenhart of McCook; Ray Hitt of Scottsbluff; Inez Baker of Lincoln; George Hugins of Gering; Mabel Scrivens of Wauneta; Erma Daley of Broken Bow; and Orval Conner of Lincoln.

In the afternoon, sectional meetings will be held with the following speakers: Dr. LeRoy Ortigiesen, state department of public instruction; Merle Bolton of Hastings; Thresa Clark of Omaha; Dr. Walter Beggs and Dr. Wesley Meierhenry, both of the University of Nebraska.

Mary Moran of Hastings will preside at the Saturday morning business meeting, followed by a panel consisting of these Lincoln residents, Glen Yaussi, school board member; Mrs. Doris Parmenter, elementary teacher; Dr. Steven Watkins, school superintendent; Paul McCreight, elementary student; and Mrs. Richard Garlinghouse, parent.

Bridge Projects Up Labor Demand

Falls City, Neb. (AP) — With extensive bridge construction projects under way, unemployment is a minor problem in Richardson county, according to Charles Neerman, manager of the Nebraska employment office here.

Five bridge jobs are in progress on Highway 75, south of Dawson; a major bridge is being erected over Muddy Creek on Highway 4, east of Falls City, and one at the mouth of the Nemaha river, southeast of Rulo.

FOR FAMILY AND FRIENDS...

Orange fruit Cake

The Recipe

Squeeze and reserve juice from *1 large orange*. Measure juice and add *milk* to make 1 cup liquid. Grind *orange rind* and pulp with 1 cup *seedless raisins* and 1/3 cup *nut meats*; grind twice and set aside. Sift together 2¼ cups *sifted cake flour*, 3 teaspoons *Clabber Girl Baking Powder*, 1 teaspoon *salt*, and 1 cup *sugar* into large mixing bowl; add ½ cup *shortening* and 2/3 cup liquid. Beat 2 minutes using medium speed of electric mixer, or by hand beating 150 strokes per minute. Keep batter scraped from sides and bottom of bowl with rubber scraper. Add 2 *eggs* and remaining 1/3 cup liquid. Beat 2 minutes longer as before. Blend in fruit mixture. Pour into a greased and floured *9 x 9 x 1¾-inch baking pan*. Bake in a 350° F. (moderate) oven about 45 minutes. Cool. Frost and decorate as desired. Cut in squares. *Yield: 1—9 x 9-inch cake.*

The "most important" thing about baking...

It's the balance of ingredients in baking powder that governs its leavening action. Only when these are scientifically balanced can you be sure of uniform action in the mixing bowl plus that final, balanced rise to light and fluffy texture in the oven.

Balanced Double Action means Better Baking!

CLABBER GIRL — Guaranteed by Good Housekeeping — Exclusively known as the baking powder with the Balanced Double Action.

Defense Revamp Foes Resort To Untruth--Ike

... Whole Purpose of Plan Called 'Safety With Solvency'

Washington (AP) — President Eisenhower told the nation Thursday congressional critics are beseiging his military reorganization plan with nonsense, untruth and misrepresentation.

The whole purpose of the plan, he said, is "safety with solvency" and "the country is entitled to both."

Launching the battle he has promised for his plan, Eisenhower addressed a luncheon of the American Society of Newspaper Editors and the International Press Institute. The speech was broadcast nationally by television and radio.

Eisenhower repeatedly emphasized the negative. He said his defense reorganization program will create no monstrous, Prussian-type military command. That was a direct comeback at Chairman Vinson (D-Ga) of the House Armed Services Committee.

Eisenhower said, too, the plan will create no czar to "overwhelm our liberty," no threat to Congress' purse string power, "no 40-billion dollar blank check," "no swallowing up of the traditional services."

On the positive side, the chief executive said the program will stop unworthy and costly bickering among the services and establish unified combat command and strategic planning.

To cling to the idea of waging war by separate ground, sea and air forces, the former general said, would put the country in deadly peril.

The hard-hitting counter attack apparently was aimed in spots not only at disapproving members of congress but also at some military men who are showing signs of dissent.

One by one, the chief executive reviewed and upheld the major points of the reorganization program he sent to Congress Wednesday. It would expand greatly the authority of the defense secretary and strengthen the hand of the chairman of the joint chiefs of staff. Later he plans to ask Congress to give the secretary greater flexibility over defense spending.

Vinson, whose committee begins public hearings on the program Tuesday, tongue-lashed the Eisenhower plan in an hour-long House speech.

He said it would lead to a "Prussian-type supreme high command" and to merging the armed services "into one vast organization."

Of the merger idea, Eisenhower told his audience:

"That is not so."

Of the argument that the plan would set up a "monstrous general staff" along Prussian lines, Eisenhower declared:

"That is nonsense."

Masons Give Portrait To Donald Keys

Presentation of a portrait of by the Lincoln organization himself in full Knights Templar regalia to Donald A. Keys and a speech by Dr. Frank Court, pastor of St. Paul's Methodist Church, highlighted the Grand Commandery Banquet of the Knights Templar Thursday evening at Scottish Rite Temple.

Keys is retiring Right Eminent Grand Commander of the Knights Templar of Nebraska which is holding its 86th annual conclave Thursday and Friday.

Dr. Court told the Knights and their ladies that the challenge of Masonry is to make their tenets vital not only in the lodge but in the home and community.

"It is tragic to think," he said, "that man who can solve so many problems can't solve the problem of living together peacefully and find happiness in life."

"The paradox of our day is that we have too many things to make us happy, yet we have to buy so many books on how to be happy," Dr. Court observed.

People can be happy on through spiritual awareness and consciousness of God, he said.

The Friday morning program begins at 8:30 with the business meeting and at 11:30 a.m. the public installation of Grand Officers will be held.

Wilbert

"I figure if I can save enough now I won't have to work when I get old enough to work."

ORDINANCE NO. 6724

An Ordinance creating Graveling District No. 190, defining the limits thereof, establishing the width of the roadway to be improved with gravel, crushed rock or other similar material, providing for the necessary grading, providing for the payment of the cost thereof, designating the property to be benefited, and repealing all ordinances or parts of ordinahces in conflict herewith.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Sec. 1. That Graveling District No. 190, of the City of Lincoln, Nebraska, be and the same is hereby created; that said Graveling District shall include: Webster Street from the east line of Cotner Boulevard to the City Limits, in said City, and the following described real estate benefited, to-wit: North one-half of Blocks 31, 32 and 33 all in First Addition to Norwood Park and the south one-half f Blck 26 and 27 and Lts 9, 10, 11 and 12 in Block 28 all in Norwood Park.

The roadway in said District to be improved with gravel, crushed rock or other similar material shall be approximately 20 feet in width; grading to be as determined by the City Council, and the cost of grading and improving said street ith gravel, crushed rock or other similar material including the cost of grading and so improving the intersections and returns and all expenses incidental to all said improvement shall be assessed against the property benefited in said District in proportion to the benefits, not exceeding the cost thereof.

Sec. 2. That all ordinances and parts of ordinances in conflict herewith be and the same hereby are repealed.

Sec. 3. This ordinance shall take effect and be in force from and after its passage and publication according to law.

Introduced by Pat Ash.

Passed: April 14, 1958

C. W. D. Kinsey, Acting Mayor

ATTEST: Theo. H. Berg, City Clerk

(SEAL)

ORDINANCE NO. 6722

An Ordinance creating Paving District No. 1552, defining the limits thereof, establishing the width of the roadway to be paved and the width of the grading to be done, providing for curbing, guttering, and relaying of sidewalks, providing for the payment of the cost thereof, designating the property to be benefited, and repealing Ordinances No. 6365 and all ordinances or parts of ordinances in conflict herewith.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Sec. 1 That Paving District No. 1552, of the City of Lincoln, Nebraska, be and the same is hereby created; that said Paving District shall include all that portion of 39th Street lying between the north line of W Street and the south line of + Street, in said City, and the following described real estate benefited, to-wit:

The west one-half of Block 1 and the east one-half of Block 2, all in Fontenelle Addition and Lots 31 and 32 in Edgewood Place. All those portions of the former alleys now vacated between W Street and + Street lying within 140 feet, east and 140 feet west of 39th Street.

The roadway to be paved in said District shall be 26 feet in width; grading to be from lot line to lot line, and the cist of grading, curbing, guttering, and paving the same, including the cost of grading, guttering, and paving the intersections and returns, and the cost of grading the sidewalk space and relaying of sidewalks and all expenses incidental to all of said improvement shall be assessed against the property benefited in said District in proportion to the benefits, not exceeding the cost thereof.

Rails Widen Gains In Brisk Trading

New York (AP)—Rails mounted an unusually strong rally Thursday and paced the stock market to a sizable advance to active trading.

Seven of the 15 most active stocks were rails. They gained from 1 to around 2 points.

Advances in other groups were mainly fractional but there was an assortment of 1 and 2 points rises.

The quoted value of stocks listed on The New York Stock Exchange advanced an estimated $1,400,000,000 based on the hike in The Associated Press average.

Wall Street expectations that the administration's upcoming program to relieve the financial difficulties of the carriers would bring concrete benefits before long accounted for much of the rise in rail shares, brokers said.

The financial district was surprised after the market close by a further cut in the discount rate to 1¾ per cent from 2¼ per cent and also of a further scheduled reduction in reserve requirements for Federal Reserve Banks. Both steps are designed to ease credit and lower interest rates and are bullish for the stock market.

Volume leaped to 2,500,000 shares compared with 2,240,000 Wednesday and came close to Tuesday's 2,590,000-share turnover which was the biggest in a month.

The AP 60-stock average rose $1.10 to $163.60 with the industrials up 40 cents, the rails up $3.30 and the utilities up 20 cents to still another high for the year.

Of 1,147 issues traded advances outnumbered declines by 594 to 309. New highs for the year totaled 69 and new lows 20.

Drugs, farm and road building equipments, oils, steels, motors and most chemicals also did well.

American Stock Exchange prices rose on volume of 720,000 shares compared with 560,000 Wednesday.

Fare Hike Proposed

London (AP) — Sir Brian Robertson, Britain's transport chief, wants higher fares at rush hours to encourage the idea of staggering office hours. A million Londoners clog streets, subways and railroads at rush periods now.

GRAINS RALLY, CLOSE HIGHER

Chicago (AP) — A broad, moderate demand in the final few minutes of Board of Trade dealings Thursday wiped out a few losses and extended gains of all other grain futures.

More than half the contracts finished with gains of a cent a bushel or more with May rye out ahead by 2½-2⅝ cents, mainly on short-covering.

Only May wheat and corn barely made it to the plus side after lagging behind all day. All others were up by major fractions.

A good amount of export business stirred up the buying. Yugoslavia bought about 400,000 bushels of hard wheat for May shipment. Denmark bought 350,000 bushels of soybeans, and exporters bought undetermined amounts of oats.

At the close, wheat was ⅛-1¼ cents a bushel higher, corn ⅛-1⅜ higher, oats ¾-1¼ higher, rye 1-2⅝ higher, soybeans ¾-1⅛ higher, and lard unchanged to 5 cents a hundred pounds lower.

While other grains began trading at about steady prices, corn came under selling pressure and within a few minutes the May contract was off a cent a bushel.

Buying was attracted at the lower prices and the distant contracts were supported by dealers who liquidated the nearby deliveries.

Butcher Hogs, Cattle, Sheep Prices Firm

Omaha (AP)—Better light butcher hogs ruled steady on the Omaha market Thursday. Others were steady to 25c lower.

Sows sold steady to 25c off.

OMAHA

Hogs: salable Thursday 6,500; U. S. No. 1 and 2 barrows and gilts fully steady; other butchers steady to 50c lower; mostly 25c lower than Wednesday's average; sows weak to 50c lower; mostly 25c or more off; U.S. No. 1 and 2 195-250 lbs. butchers 21.50-21.75; few lots 221.85; around 100 head No. 1 21.90 mixed No. 1-3 190-240 lbs. 20.75-21.35; No. 2 and 3 240-270 lbs. 20.00-20.85; some No. 1 and 2 under 260 lbs. 21.00-21.25; No. 2 and 3 270-300 lbs. 19.00-20.25; mixed grade 300-550 lbs. sows 17.50-19.25.

Cattle: salable 1,800; calves 50; fairly active; generally steady; load lots choice 1,249 lbs. steers 30.00; high good and low choice 1,000-1,150 lbs. 26.0027.40; small lot 28.00; 2 loads low choice heifers 27.25; most utility and commercial cows 16.50-19.50; a few 19.75-20.00; canners and cutters 15.00-16.50; choice vealers 27.00-29.00.

Sheep: salable 800; all classes about steady; deck mostly good 105 lbs. wooled slaughter lambs 21.75; load and one-half good and choice 91-107 lbs. some with muddy fleeces 20.00-21.50; load good and choice about 125 lbs. shorn lambs unsold late; about a deck 96-103 lbs. good to mostly choice spring lambs 23.00-24.00; deck choice 87 lbs. shearing lambs 22.50; cull to choice slaughter ewes 5.00-9.50.

CHICAGO

Butcher hog prices Thursday were generally steady although the market was fairly active with a good shipping demand and all local packers in the trade. A few lots of 195-225 lb 1-2 grades sold at $21.60-21.65 and several other lots of the same weights at $21.25-21.50 but the 250-260 lb 1-2 offerings sold down to $20.75. Weights under 240 lbs were scarce in all grades and acutely so in the No. 1 grade.

The 190-230 lb 2-3 grades were $20.75-21.15 and the No. 3s went at $20.25 and up for all weights.

Sows sold at $18.50-19.25 for 330-400 pounders and $17 up for heavier ones. The market for this class was steady to 25 cents lower.

Offerings of prime slaughter steers were too meager to test prices for that grade but the market was steady to 50 cents higher kinds grading choice and below. The top of $31.50 was paid for only one small lot of choice and prime.

The mixed good and choice were $27.50-28.50, utility and standard $21.50-25, good and choice vealers were about steady at $29-32, bulls steady to 25 cents higher at $21-23.50 for utility and commercial grades and heifers steady to 50 cents higher at $25-28.50 for good and choice, and $30.50 for a few prime.

In the sheep market, slaughter lambs were strong to 25 cents higher with the bulk of good and choice grades selling at $21-22. A few choice 105-107 lb lambs with No. 1 pelts sold at the $22.75 top. The few utility to good wooled lambs went at $20-22. Slaughter ewes were steady at $7.50-9 for good and choice wooled kinds.

Hogs: 9,000; generally steady; No. 2-3, 190 to 230 lbs. $20.75@21.15; 1, 195 to 225 lbs. $21.25@21.65; 2-3, 240 to 270 lbs. $20.25@20.75.

Cattle: 2,000, calves 100; not enough prime cattle on sale to test prices; slaughter steers and heifers choice and below steady to 50c higher; vealers about steady. Small lot choice and prime slaughter steers $31.50; good and choice $25.50@30.25; load lots mixed good and choice $27.50@28.50; few prime heifers $30.50; good and choice $25.00-28.50; vealers $32.00 down.

Sheep: 1,000; slaughter lambs steady to 25c higher; two decks choice slaughter lambs with No. 1 pelts $22.75; bulk good and choice No. 1 pelt $21.00@22.00; few utility to good wooled lambs $19.00@22.00.

SIOUX CITY

Hogs: 5,500; barrows and gilts over 270 lbs closed 50 lower; sows 50 lower; mixed U.S. No. 1, 2 and 3 190-240 lb barrows and gilts 20.50-21.00; moderate quota mostly No. 1 and 2 21.10-21.25; mixed No. 1, 2 and 3 around 240 lbs 20.75; 270-300 lbs 19.50-20.25; sows 17.00-19.50.

Cattle: 3,500; calves none; slaughter steers and heifers generally steady; some weakness late on steers; cows fully steady to strong; bulls steady; stockers and feeders selling at week's full decline of 1.00 lower; load high choice and low prime steers 30.75; most choice 28.00-29.00; good and low choice 24.50-27.75; small lot high choice and low prime heifers 28.50; most choice 26.75-28.00; good and low choice 23.50-26.50; utility and commercial cows 17.50-20.50; canners and cutters 15.00-17.00.

Sheep: 600; slaughter lambs steady; short load good and choice 115 lb wooled lambs 19.00; load good to mostly choice shorn lambs with No. 1 and 2 pelts 99 lb averages 21.00; 2 lots No. 1 pelts good and choice 20.50-21.00; cull to good slaughter ewes quoted 4.50-9.50.

ST. JOSEPH

Hogs: 4,500; barrows and gilts steady to 25 and 50 lower; sows steady; mostly U.S. No. 2 and 3 190-250 lb butchers 20.50-21.25; more uniform mostly No. 2 and 2 190-240 lbs 21.25-21.50; No. 2 and 3 240-290 lbs 20.00-21.00 including some 260-270 lbs at 20.00 and 20.50; sows 17.50-19.75.

Cattle: 500; calves 50; steers and heifers steady to spots stronger; cows fully steady to 25 higher; bulls firm; vealers steady to 1.00 lower; load average choice 1,198 lb fed steers 28.75; load 1,125 lbs 28.50; load low choice 1,125 lb fed steers 28.25; bulk good to low choice fed steers 25.75-28.25; good to low choice mixed yearlings and heifers 25.00-27.00; utility and commercial cows 17.75-19.50; canners and cutters 15.00-17.50.

Sheep: 500; slaughter lambs steady to strong; 380 head string 102 lbs good and choice wooled slaughter lambs 22.00; few lots mostly good 20.00-21.50; load good shorn slaughter lambs with No. 1 pelts 114 lbs 20.25; 91 lb good spring lambs 22.50; cull to utility wooled slaughter ewes 5.00-7.00.

KANSAS CITY

Hogs: 2,000; barrows and gilts mostly steady; sows steady to 25 lower; mixed U.S. No. 1-3 190-240 lb barrows and gilts 20.50-21.00; around 200 head at 21.00; few lots 250-280 lbs 20.00-20.65; sows 18.25-19.25.

Cattle: 500; calves 100; cows fully steady; couple lots slaughter heifers to be carried over; bulls, vealers and slaughter calves unchanged; utility cows 17.50-19.00; canners and cutters 14.50-17.50.

Sheep: 400; spring lambs steady; instances 25 higher; shorn slaughter lambs weak to 50 lower; several lots good to prime spring lambs 23.50-24.25; deck 116 lb shorn slaughter lambs with No. 3 pelts 19.25; deck 110 lbs No. 1 pelts 19.50; cull to good slaughter ewes steady at 7.00-9.00.

DENVER

Hogs: 200; unevenly weak to 50 lower; mixed U.S. No. 1, 2 and 3 190-250 lbs 21.75-22.10; few head No. 1 and 2 22.25; No. 3 273-340 lbs 20.00-20.25; sows 355 lbs 19.30; 392 lbs 18.50.

Cattle: 150; calves none; hardly enough any one class to test market; small lot choice yearling slaughter steers 28.75; cows steady; utility 17.50-19.00; canners and cutters 14.00-17.50.

Sheep: 1,000; steady; good to mostly choice 102-105 lbs slaughter lambs with No. 1 and fall shorn pelts 20.00-20.50; load 113 lbs 19.75; good and choice slaughter ewes 10.00.

Jet Fighter Climbs To Altitude Record

El Centro, Calif. (AP)—The Navy announced Thursday that a jet fighter had zoomed to a new unofficial world altitude record for conventional aircraft—76,828 feet.

Vice Adm. William V. Davis Jr., made the announcement at the naval air weapons meet here. He said that a Grumman F11F-1F Super Tiger fighter rose from Edwards Air Force Base Wednesday to better the previous recognized mark by approximately 6,250 feet.

Only rocket-powered planes have flown higher. The X2, for instance, is credited with 126,200 feet—almost 24 miles. Recognition of the Super Tiger record is pending by U.S. and international timing authorities.

Lt. Cmdr. George C. Watkins, 37, of Alhambra, Calif., pushed the jet fighter into the thin air at the edge of space in an assault on the British-held world altitude record of 70,308 feet.

That mark was set last Aug. 28 by Britain's Michael Randrup in an English Canberra jet and rocket craft.

Adm. Davis said that Watkins leveled the fighter off at approximately 45,000 feet, achieved the maximum speed his jet could reach, and then pulled the stick back and roared into the upper altitude "like a ballistic missile."

Padang Reported Captured

Rebel Stronghold

Jakarta, (Friday) (AP) — The Jakarta government announced that its Army had captured Padang, one of the last 2 major points still held by the Sumatran rebels.

The Air Force spokesman said the Army had seized the railway and broadcasting stations in Padang, the major port on the west coast of Sumatra, and that commandos and paratroopers were in firm possession of the city's airfield.

The fall of Padang meant that only the mountain town of Bukittinggi, 40 miles north of Padang, remained to the rebels. The cabinet of rebel Premier Shafruddin Prawiranegara is based there. Presumably the Jakarta troops would waste no time in moving on Bukittinggi.

Maj. Gen. Abdul Haris Nasution, the Army chief of staff, announced that Padang, an Indian Ocean port of 150,000 fell to the government forces.

"We are now in the final phase of crushing the rebellion movement of the Indonesian revolutionary government," Nasution said in an order of the day to his troops.

He added that a regiment of combat troops also was fighting to recapture Celebes Island, the other center of rebellion against President Sukarno's government.

Concordia Students Go To Washington

Seward, Neb.—Six students and an adviser from Concordia Teachers College at Seward attended the annual Lutheran student seminar in Washington, D.C.

Dick Aufdemberge of Oconomowoc, Wis., Ed Maas of Williamsburg, Ia., Hersey Mangels of Sidney, Ed Schmidt of Lincoln, Dick Schnitker of Hoyleton, Ill., and Henry Scholz of Vancouver, Wash., all senior students, were accompanied by the Rev. Dale D. Hansen.
